Global Internship Program

With the Global Internship Program only three months away, the team at City Internships is very busy matching ambitious students with forward-thinking partner companies. There is no better time for your students to apply for our program.

Students are advised to apply via <http://www.city-internships.com/apply/>

Internship Opportunities

We are commonly asked about the specific internship vacancies that the program offers. As a result, we have compiled a selection of twelve available vacancies across London, Los Angeles and New York in print-ready format.

These opportunities only represent a small portion of the internship vacancies that we have on offer on the Global Internship Program.

You can view the vacancies here: <http://city-internships.com/SampleVacancies.pdf>

* We produce a copy of available vacancies on a weekly basis; please let me know if you would like to receive a copy for your notice board.

Career Fields: Detailed Breakdown

The major focus of the Global Internship Program is the internship. Interns can expect to spend five days per week with their partner company and attend weekly career seminars, resume workshops and networking events held by City Internships in evenings and on weekends.

The aim of the program is to help students develop real-world skills, build a professional network and ultimately, career-readiness.

Students can find more information on the career fields available on the Global Internship Program with a detailed breakdown of many of the subsectors available in this print-ready format: <http://city-internships.com/SampleSectors.pdf>

Speak With Our Student Experience Team

Our approachable, well-informed Student Experience Team at City Internships is here to answer any questions that students may have and talk through the value of taking part in the Global Internship Program.

Students can book a slot to talk here: <https://calendly.com/cityinternshipsstudentexperience/10-minute-student-experience-team-call/>

A reminder of what we do

City Internships runs immersive career training programs for college students and recent graduates. They're designed to expand participants' horizons and get them job-ready. For each program, on top of hard and soft skill building at weekly career seminars, workshops and networking events, participants undertake an internship placement at one of our partner companies. Students and graduates develop real-world skills, build their professional network and fast-track their career.

Join the program in London, Los Angeles, New York or Sydney.

Students may apply here: <http://city-internships.com/apply/>

What's included?

- An eight week placement with a leading company
- Career seminars, skills workshops & networking events
- Social events & weekend excursions
- Local mentorship & 24/7 support
- Optional accommodation package

Industry choices

Placements are available in the following industries; Banking and Financial Services, Art, Fashion and Design, Marketing, Advertising and PR, Consulting and Professional Services, Entertainment, Media and Journalism, Law and Politics and lastly, Technology and Engineering.
