Students visit Defense Intelligence Agency

April 08, 2008

Liberty University students from several majors visited the Defense Intelligence Agency on Monday on a trip co-sponsored by the Career Center and the Strategic Policies Institute. This is one of several opportunities provided for LU students during the academic year to help them learn first-hand about the various agencies and employment possibilities with those agencies.

The Defense Intelligence Agency is a Department of Defense combat support agency and an important member of the United States Intelligence Community. With over 12,000 military and civilian employees worldwide, DIA is a major producer and manager of foreign military intelligence.
