

The "Crutwa" is part
of the antagonist
plotline

Although the
Crutwa is made of
metal and wire, it
can receive direct
orders and has
the ability to make
circumstantial decisions

This Crutwa was
inspired by the
droid-like droids
from Star Wars
but is made for
all terrains and
weather.

But is not
conscient or
conscious of
its actions

TMS with electric circuits
