

The Sweet Lie

Rayah Smith

LIBERTY
UNIVERSITY

What is a Documentary Treatment?

- Genre: Documentary - Investigation
- Length: 45 minutes
- Synopsis
- Key elements
 - Locations
 - Interviewees
 - Graphics/VFX
 - Music
 - SFX

Research Question

Logline: Investigating the coverup scandal of the sugar industry

How did the CHD research study, released in 1965, effect the culture in areas of health and nutrition?

Telling the Story

- Act I: The Status of Health in America
 - CDC Articles
 - Academic Articles
- Act II: The Sugar Scandal
 - CDC articles
 - Research Journal Article
 - Issue Brief
- Act III: The Truth About Food
 - National Library of Medicine Article
 - Cleveland Clinic Article

Why is This Important?

- God is truth and wants His children to live in and pursue truth (John 14:6; John 16:13; John 8:31-32; Eph. 6:14)
- Believers should be good stewards of their bodies, which are temples of the living God (1 Cor. 6:19-20; Rom. 12:1-2; 1 Tim. 4:8; 1 Cor. 10:31).
