

Dear Francis Schneider (a.k.a. Paco),

You kindly created two images for my thesis project which were entitled "What Do Our Songs Say?" and "Que disent nos chants?" I would like to include these images in my graduate thesis document which will be published with the Liberty University Jerry Falwell Library and submitted to ProQuest Dissertations & Theses Global. Proper acknowledgement will be included with the reproduction of the images.

If you agree to provide me with permission, please sign this permission letter and return it to me by email (a scanned version is fine) or regular mail.

I appreciate your consideration of my permissions request.

Sincerely,

Kristi Colas

By signing below, I warrant that I have the right to grant the permission requested in this letter, and that I provide you with that permission.
