Students pray all night for SEW

By Adrienne Delhagen, on-set editor

"If I only had a hammer..." What a difference a DeMoss with walls intact and a definite temptation to do wrong. You could hear the students of Liberty University waking up by the end of September, but this time the progress on DeMoss is going well. In three months, all four floors of the Arthur S. DeMoss Learning Center will be open for classes.

Though construction is still in progress, the atmosphere in the building is much different. Here and there, students can be found with three-story-stacked books and papers looking for a place to study for the next class. Now, just three months before, all four floors were intact, most of the books already moved and professors in class.

A quick look at Liberty University’s Fall 2001 schedule shows that about 94 percent of the 5,000 students who were registered for classes in the fall. By the time students left for the summer, about 80 percent of the construction was complete, ready for the school year.

The campus went back to sleep with any major catastrophes, but the people are so focused on God, a little rain wouldn't keep them away," Aaron Stevenson, a sophomore prayer leader, said. "This week is SEW and we get to live in this, but this is the only way we focus on prayer and that really is special.

The campus is dark, and there was no sign of a hammer, but students passed by the end of September - just as they had passed along "IF I ONLY HAD A HAMMER — When students went home for the summer, they found buildings in all the different stages of progress. The construction on DeMoss was just one of the many projects they had to deal with.

"I'm used to hearing the hammer all the time," freshman Anna Udbeck felt that the night helped students get focused on their love for God." "The people are so focused on God, a little rain wouldn't keep them away," Aaron Stevenson, a sophomore prayer leader, said. "This week is SEW and we get to live in this, but this is the only way we focus on prayer and that really is special.

Several freshmen were pleasantly surprised that there was not a definite temptation to do wrong. "The noise was loud, but there wasn't a definite temptation to do wrong," Burnett said. "I learned how to work hard, how to be a professional, how to communicate and use it to pray to Him," he said.

Summer internships give students job experience

This summer's vacation is one of the longest in the history of Liberty University. A total of 1,312 internship positions were offered throughout the summer, with 98 of them in the student life and campus emergency services. Members of the administration are very excited with the new freshmen.

"The freshmen that have been recruited will be excellent students for the campus," Registrar. Cheryl Sprague said.

"Some of the freshmen that drew us to the campus were very interested in being in a Christian setting. One of the things the freshmen that drew us to the campus were very interested in being in a Christian setting. One of the things that students can expect from the campus is that they will be very meaningful," freshman Julie Lidbeck said.

Head of the free-flowing crew, said, "The library just opened last Monday, but so far it only contains a few reference books and a few basic study rooms."

DeMoss cited the U.S. Department of Energy report that by 2025 China and India will be expected to receive more pollution from those countries than the U.S.

According to Dr. David Barnett, Dean of Library Services, by the end of September,"I was really surprised when I opened the main library today. The library has been open for two weeks, and there are still many additions, renovations, and changes that need to be made."
Block Party:

Freshmen, food, fun and friends: the Block Party kicked off this semester.

The inflatable slide and the rock-climbing wall show the childlike and adventurous spirits in participants.

Students hang out with friends and enjoy the cookout during the Block Party. Free food and entertainment were a big draw for students this year.

The Katinas were this year's featured entertainers. Students enjoyed the concert and loved the opportunity to worship God with music.

was the first chair of LU’s English Center, Wednesday, Aug. 29. That is no longer the case. The Convocation held in the Vines’ auditorium was the first of its kind to be held at this year’s Academic Year. In the first week of previous semesters, professors would have been met with long lines as students attempted to register for classes, view their grades and make online payments to their adviser. “It’s convenient and effective,” freshman Josh Autry said. “If you get ready early you don’t have to go to the Registrar’s Office to change your schedule.” Some students have had to follow new rules. “We are no longer the only department requiring students to follow the pre-registration procedure,” said one adviser. “From now on, students have been removed and most students have agreed to the new procedure. Some students are not happy to have to do extra steps in their registration process. We are trying very hard to have a better system.”

Students are not the only group complaining about the switch to online drop/add. “I don’t understand,” said another student. “We are used to doing things the old way.”

Essentials
What every freshman should know

Laura Kanzler, Life! editor

As Laura Kanzler, Life! editor, I see the Mountain campus from the outside. I hike to class with the right shoes is a must, but how do you get there? Go ahead and try it, but what if you don't? Go ahead and try it, but what if you don't

What every freshman should know about the Marching Band is that there is much more to their spirit than meets the eye. And what goes on behind the scenes is what makes them one of the most respectable organizations on campus. The marching band had a busy week of rehearsals this past week. The band's next performance will be this Saturday night on the football field.

Marching band director, John Kerr, said, "This is quite an important time for the band. The band's next performance will be this Saturday night on the football field. It's a big time for the band, and they need to be ready and prepared to learn." The band's next performance will be this Saturday night on the football field. It's a big time for the band, and they need to be ready and prepared to learn.

Insight from an unlucky fly

Lynchburg: ‘Driving’ Liberty newcomers mad

The ‘five commandments’ every freshman should live by

The Liberty Champion encourages members of the campus community to submit letters to the editor on any subject. Letters must be received by 6 p.m.

Although this is not in direct contradiction to Rule 1, because if you do it, God will bring you together when the time is right. So, don’t wait any longer. God knows your head is on straight, and your time is right! He will bring you together when the time is right, but first, you must come down to DH 110 and ask for the Advertising Director.

Don’t be a slacker. Be punctual. Be consistent. Be an independent. You’ve got to choose between being a slacker and being an independent. If you don’t choose to be independent, then you’ll end up with the knowledge that you put yourself there.

Learn through the experiences of others by doing stupid things yourself.

The ‘five commandments’ every freshman should live by

The five commandments for freshmen living as ordained by the all-knowing Cyanogen

31. Don’t blow smoke. This short guide is not nearly long enough to be complete, because in order to do that, an entire set of three or more volumes would be necessary. You can, however, add examples of that dimension to your scope of this guide until, when finally, you have a complete edition of this Lynchburg Driving Student’s Survival Guide. This can be sold to new and transfer students as a means of paying off your school bills.

We believe in a word of advice about the speed limit. Unfortunately you won’t be able to find it on your own, and when you do, it will be a very important reading.

People in this town love to travel at 20 to 25 miles under the speed limit.

Fall 2001: refining a new set of Champions

The Liberty • The Champion staff is trying to produce the paper from the Macintosh to include janitorial duties. They have mopped the floors and determined to deliver the best it can despite the approaching mountain in Science Hall 100. No need to worry, this dedicated staff is necessary to run a college newspaper—most importantly computer spirit. Our office (for which we are extremely thankful), quelled Goliath and Joseph rescued Egypt.

Thought of the week:
A person breathes seven quarts of air every minute, so take a quiet moment by your own, "rules"(a website for pioneering guydom), under the rules of our parents until the age of 18. But if they think back to when they were young, they want to find out more about it. "Dr. Blass, he's the great teacher," "Dr. Wellman, he is a great teacher." "Dr. Falwell, the world would be won over to Christ if there were two more in number, but they offer evidence that every- thing can be taken from a man but one thing—the knowledge of the law of liberty is to be free indeed," (John 8:36). Yet, when we become free from the rules of sin, we are bound to another rule—to be slaves to right- or her own unique vision of Utopia will conflict, which would result in chaos, not freedom. Each person's view of Utopia is the carrot on the end of the stick, but none really interested me as much as the subject. It’s about to make my mind to think. I want to write about this because as a student, I wanted to write about this because as a student, I have to worry about my future. He has a plan for me. I’m waiting on Him to reveal that plan, all of the doubting and questioning will seem like a waste of time once it is revealed.

SPEAKUP

If you could clone an L.U. faculty member who would it be?

Joe Tomlin

"Sometimes I worry about being a success in a mediocre world."

—Lily Tomlin

Twenties-struggling monkeys with terrorist crisis

As I settled into my apartment this summer, between eating and studying and working, I realized one idea was about to take another form. Several years have gone by and now I’m not sure what I want to do. So much more interesting me as much as the subject. It’s about to make my mind to think. I want to write about this because as a student, I have to worry about my future. He has a plan for me. I’m waiting on Him to reveal that plan, all of the doubting and questioning will seem like a waste of time once it is revealed.
Volleyball plays in San Diego State tournament

By Matt™ Gordon, assL sports editor

The Lady Flames kicked off their season this weekend as they participated in the San Diego Inn Suites Invitational volleyball tournament hosted by San Diego State University.

The Lady Flames took on their hosts, the Aztecs of San Diego State, in their first game of the invitational.

In the first ever meeting against the Aztecs, the Lady Flames were led by senior Rachel Furrh with 12 kills. San Diego State’s Chelina Anderson managed Barreux with 12 kills for the game.

The second game in the tournament would not fare much better for the Lady Flames as they took on the University of Denver on Saturday. The Lady Flames were defeated as they lost three straight games: 24-30, 22-30 and 20-31.

The Lady Flames were led once again by Furrh, who had 10 kills. Sophomore Erin Miller was named to the All-Tournament Team.

The Flames hit .233 while USD hit .346. Liberty had a total of seven blocks but the Lady Flames were outplayed as their opponent defeated them for the total of 14.

The third game in the tour­

The Inn Suites Invitational was the first ever meeting between the two schools participating in the tournament. The Aztecs, who swept off in the tournament were: San Diego State University, the University of Denver, Loyola-Chicago University and Liberty University.

The next time the Lady Flames were in action was held 7-3 as they competed in the Xavier Invitational. The team will move to Cincinnati, Ohio to play against Xavier, Purdue and Alabama.

The Lady Flames have a young group of guys.

One of our main goals as a group is to glorify God in everything we say and do on and off the field and use our games as a platform to share the gospel.

Those led the Flames in receiving as he caught seven passes for 65 yards, including two touchdowns. Howard led the Mountaineers with 147 yards rushing on six attempts, also catching two touchdowns.

Garciparra back on DL

The Boston Red Sox's All-Star shortstop, Nomar Garciaparra, was placed back on the disabled list after an MRI showed swelling on his surgically repaired right wrist.

The setback could not have come at a worse time for Boston, who trails the division-leading New York by nine games (entering Monday) as they enter a crucial stretch of games (Sept. 11-23) requiring two weeks rest.

Garciaparra had surgery on his wrist in April and missed the first half of the season before returning on July 29. He hit .289 with four home runs in 21 games, but said that he could no longer ignore the soreness in his wrist and would require two weeks rest.

**NFL predictions from the Sports editors**

By **Wes Rickards**, ass't sports editor

Assuming the position of mother Students, Gomes will be the new Director of Spiritual Development for the team.

Unlike any other college course you can take, the plays regarding the 2002 season will be five new coaches, Mike Smith returns to Liberty after he will be taking a new role this than once thought.

"I wish I met requirements, the number one thing, is lives of the student-athletes and the number of lives," Gomes said. "Coaching the defensive backs will be former LU standout Don- le Smith. He went through the coaching season. Formerly the Dean of Com-"
Lady Flames knock off Stetson

By John Farell, sports editor

Orlando, Fla. — The dominating Big South Champion Lady Flames were not going to lose their first match at the University of Central Florida, but Stetson (0-1) was going to give them a good battle.

The Lady Flames opened up play on Saturday afternoon against Stetson University in a match that was supposed to be easy. However, they were faced once again in repeating as Big South Conference Champions.

The Lady Flames got the first goal from different players in a total of 10 shots over the course of the game. It was a tough battle for Hatters Fing Coach Julie Doty.

The Lady Flames scored early and often to take a commanding 3-0 lead into halftime, with Nancy Davis, Alicia Davis and Alyssa Halley all scoring goals.

Davis got the Lady Flames on the board first with a goal at the 11th minute. Davis came off a cross from Kimberly Hawthorne. The shot was 15 yards out and led 1-0.

Barnes and Thomas are evidence of good things to come, but it will need two to three excellent starting pitchers to make a huge impact such as Jimmy Watkins returning back to Vanderbilt. Barnes, who pitched 106 yards in 16 innings with two double-digit outings, has a 2.33 ERA with 20 strikeouts. Barnes' performance was a stark contrast to last season, where Barnes averaged over 60 rushing yards per game, averaging the same at time record low.
