Mandatory drug testing not ready

**By Kip Provost**

**News Editor**

Liberty University's random drug testing program will begin when Dr. Gerg Albers, head of the drug testing program at Liberty, gives the nod of the system is ready to go.

A drug test will be done on a randomly selected basis. Students will be notified with a call slip in their mailbox and will have 48 hours to respond. Urine samples will be taken from the student who is tested. If the sample shows a positive sign of drugs, a second test will be run from the remaining student samples. A third test will be run by a gas analyzer, the most expensive drug testing done, only if the second urine test result is different from the first or if both urine tests show positive.

The third test is foolproof and may be used as evidence in court situations. The purpose of the third test, if it is necessary, is to accurately confirm a positive test and to avoid any false accusations of drug use. When a completed drug test shows positive, the student may be dismissed from school. Re-enrollment will depend on the severity of the situation and decisions made by a review board. Liberty University is the first college in the United States to implement random drug testing.

"We will be the first college in America to have such a program, and I hope that others will follow suit," Dr. Jerry Falwell said.

Around 300 students per month will be tested, and all students attending Liberty U beginning in fall 1988 will be required to sign a waiver consenting to the testing. Any student not signing the waiver will not be admitted to Liberty U.

Overall, the reactions and opinions of the student body have been favorable.

**North Campus houses services**

**By Allison Troy**

**Champion Reporter**

All ground maintenance and custodial offices have been moved to the North Campus. However, several main offices there make it possible for us in our business in the branch offices here on campus.

The physical plant operations have been made a part of Old Time Gospel Hour and are no longer part of Liberty University.

To make room for the new Student Center, the security offices have also moved to the North Campus. The Liberty Broadcasting Network offices are gradually moving to North Campus, which will provide larger studios to work in.

Other offices located at the North Campus include: the main telephone office, printing services, recruiting offices, personnel office, financial aid services, the alumni offices and the Liberty University School of Lifelong Learning.

North Campus is owned by Liberty University, Liberty Broadcasting Network and Old Time Gospel Hour.

**More than 300 LU seniors stay at Sheraton, Holiday Inn**

**By Brad Taylor**

**Editorial Editor**

More than 300 seniors are temporarily being housed at the Lynchburg Holiday Inn and the Sheraton Hotel.

Crowded rooms, no phones, and feeling alone from families attending from college campuses are some of the complaints from students who are eagerly anticipating the completion of the new dorms.

The dorms, which will have two students per room, are divided into suites. Five rooms, two bathrooms, and a living/engine area will comprise a suite.

Suzie Crabtree, a junior student at Liberty, says many of the girls being housed there are disappointed with the situation.

"The many of the seniors do not live off campus and there is one major reason to be there on campus. They are just being shifted at this time for all work hard work over the last month," Crabtree said.

According to university officials, it may be more time before students will begin moving into the new dorms.

John Baker, Dean of Student Affairs, said the earliest that the transition would begin is the week of the new dorms would be "early October. Baker added that the senior men would be moving into the first completed dorms and the seniors at the Holiday Inn are smaller than those of the dorms at Liberty University.

No date was given when the girls would be transferred back to the new dorms. Management at both hotels said the Liberty Champion that they have "little, if any, problems with LU students.

"The kids were a little crowded with girls waiting to use the phones, but other than that we have enjoyed our stay," one seniors commented.

The Holiday Inn is solving their phone problem by putting the phones back into the rooms. Photos of both hotels were removed because neither hotel's phone system could handle the increased number of calls expected from the guests. Holiday Inn has arranged to handle the calls at the front desk.
Champion welcomes students for news

Welcome to The Liberty Champion. As you have probably already figured out by now, this is the official student newspaper of Liberty University. Let us emphasize the phrase student newspaper.

Our job here at The Champion is to report and reflect on the activities of the students. We are not here to be critical of, or even praise. Jerry Falwell, Dr. Pierre Guillermin or any part of the administration. We are not here to be critical of, or to even praise Dr. Jerry Falwell, Dr. Pierre Guillermin or any part of the administration.

Body Slam! Some LU seniors have fun by the pool last weekend.

LU general course requirements change

BY BARBARA GUESS
Champion Reporter

General education requirements for most LU majors have been reduced as of this fall. Students no longer need a minor to graduate. Without a minor, students will have more flexibility with their courses. However, a B.A. degree now requires six hours of integrative studies. Students working on a B.A. who will graduate by Sept. 1989 need to see their department chairman.

June McHancy, assistant to Provost, said, "In general education requirements students will be taking fewer classes."

A B.S. degree required a minimum of 128 hours last year. It now requires 120. A B.A. required 131 hours last year. This year it requires 123. Creation science and evangelism decreased from three hour courses to two hour courses. Students can now decide between speech, computer science and six hours of a foreign language.

Instead of requiring six hours of history there is now only three hours required. Bible classes have been reduced from 12 to six hours. For those who have completed nine or 12 hours, the extra hours will fall under electives.

General requirements reflect the different majors. Therefore, students need to get the new status sheets. The majority of status sheets are ready. Students can pick them up at their dean's office.

McHancy said, "We have not found anybody who has been hurt by it (the changes)."

If a student feels that the changes have been to his disadvantage he needs to see Julie Axel of the records office.

Christian Growth I and II are now one hour courses. Students will pay and get credit for the course.

There's a category in Christian mu-

sic that surprisingly not a whole lot

of it falls 100 percent under this

title. There are no intense songs; the

lyrics don't require much philosophical

thinking—right up front, Hill is not the
creator that leaves you tapping on the

gas pedal and the fingers playing the

steering wheel. There is, however, one
glimpse of genuine "FUN" in their
albums or concerts. That would be an
all-around great way to shift in an effort
to get more students involved with
missions. There is, however, one little-

quibble that surprisingly not a whole lot

of this falls 100 percent under this
title. This brings me to another factor:

LUV volleyball drops first match

BY CHRIS DOYLE

In their first match of the season, the Lady Flames volleyball team fought tough this past Saturday. Suffering from a few pre-season injuries, Liberty was able to take an early lead in the first game of the best of five match, but fell behind to a 15-19 loss. North Carolina also won the second game, 25-10. The fourth game went to the Flames, 15-11.

The Lady Flames and assistant coaches, throttle Garner, Evans and Sanders, played their second game against Virginia Tech on Tuesday. The Flames would lose both matches, 25-16 and 25-16.

Men's soccer boasts rigorous schedule

BY KEITH MILLER

The 1988 season for the Liberty University soccer team is the first since the school became an NCAA Division I member. The Flames, who moved up to Division I in 1986, are ranked ninth in the nation in Division II to Division I, it makes the job all the harder. This is the task facing the women's soccer team, currently a club team, having just three seniors and Rob Clark will be the only senior.

Coach Roy Yarbrough's team is looking upon to provide the leadership for all of them fighting for a starting spot. A new coaching staff will be hard to replace them. Coach Ron Hopkins welcomes back all the returning runners. All were competitive for last year's team and should lead the team to the post-season of fall last.

Seniors anchor women's X-C

BY ROBIN CURRIN

Every step on two miles in one day shows what you are made of everyday. This is what the women's cross-country team is trying to prove, they have to learn to build their endurance and push through for the tough season ahead.

Women's soccer enters first season

BY KEITH MILLER

Adding a new sport is tough anyway, but when it happens in the middle of the school moving from Division III to Division I, it makes the job all the harder. This is the task facing the women's soccer team, currently a club team, having just three seniors and Rob Clark will be the only senior.

Coach Roy Yarbrough's team is looking upon to provide the leadership for all of them fighting for a starting spot. A new coaching staff will be hard to replace them. Coach Ron Hopkins welcomes back all the returning runners. All were competitive for last year's team and should lead the team to the post-season of fall.

The lady Flames' volleyball team served an impressive 95 percent during their game against the Carolina Tarheels last Friday. Suffering from a few pre-season injuries, Liberty was able to take an early lead in the first game of the best of five match, but fell behind to a 15-19 loss. North Carolina also won the second game, 25-10. The fourth game went to the Flames, 15-11.

The Lady Flames and assistant coaches, throttle Garner, Evans and Sanders, played their second game against Virginia Tech on Tuesday. The Flames would lose both matches, 25-16 and 25-16.

This year's team will be a very young team, having just three seniors and one junior. Brian Baker, Mike Mayr and Rob Clark will be the only seniors. With Julie Sitlcr, Michelle Marsh, Bream and Thomas all serving 100 percent. Coach Sue Kelly was very optimistic about the season.

"Well face this season, so we can only look forward to the rest. Liberty faces Virginia Commonwealth University in their first home match of the season this Friday at the Mabie Pavilion starting at 4 p.m.

Senior classmate Karen Eisonan and Bunny Bensinger will strengthen the squad, as they open the season September 17th at William & Mary.

Christopher rejoines Flames

Special to The Champion

After a season of major changes and the inability of one runner to get back from a season-ending injury in South Africa, Coach Jake Matthew cross country team is looking for a return to their status of a southern power.

Heading into their first season of Division I, Mattes welcomes back seniors Ray McClanahan, Gary Hill, Brett Lawler and Doug Wickert.

"Lawler has a personal best in the 800 of 1:51. Hill ran for the first time last spring and is ready to contribute, while Hill runs the 10K in the 30s. We're working real well as a team." Coach Ron Hopkins said.

Among the students I have talked to, DeVore said. "A lot of them didn't have us we were going to have a team, and they were interested to hear about it. At first, we weren't sure what it would be like to have a team."

"What is our relationship to the sport? Will we have a team next year? And how does it fit in with the rest of our lives?" DeVore said.

Support the Flames!
Johnson lofted a "Hail Mary" pass into the right corner of the end zone. When for 55, Ross 7-16-0 for 51.

Nelson for a 45-yard touchdown and a 10-7 Flames lead at the half. The play son 2-5, Galupi 4-(-7), Ross 6-(-10).

31, Vincent 3-21, C.L. Shelton 3-8, Swaney 1(-1), Johnson 4-(-7). The Flames take on the Golden Eagles of Tennessee Tech University. Kick-

Galupi found receiver John Toomcr cutting across the middle for a 13-yard

BY BOBBY BUNN

Football team develops

Division 1, winning attitudes

What a difference a year can make. For the Liberty University football team this past season, it was a year of success. Now, heading into their first time in 12 games, the Flames came on the road to a 10-7 win at Edinboro. We traveled with the team last season, and I now have a good idea of who the Flames are.

But, as I rode the 10 hours or so and enjoyed a bus ride home.

The team's home opener is on Sat

Ridgway, 14-6; EU- Ross 6-10.

"The play is to mark the first year that LU stepped out of the frying pan and into the fire of Division 1 athletics. For the foot-

ball team, the process will be a difficult one. They've been stepping up to the challenge and are doing their best.

The trouble spot for the Flames will be their offense. We have some good receivers this year, but we need a running back to complement them.

The big spot for the Flames on the outside of the field will be with quarterback Paul Johnson and the talented running corps.

Johnson has passed for over 3700 yards and 28 touchdowns while completing 63 percent (353 of 561) of his passes.

"We have some good receivers this year, but we need a running back to complement them."

The backfield is where the Flames can make some improvements. They need a strong running back to complement the receivers.
