Landmark vandalized

By Maria Deppe, news editor

Something was stolen last week end. In the dark of night it was not confirmed whether anything was missing. The Spirit Rock, where many students put spray paint messages for all occasions was the target of an apparent act of vandalism.

The Rock, which sits across from Seahorse Hall, was dug up around 3 a.m. and posted in the Student Life office when the Rock was taken out in 1988.

SUA and the Student Activi­ties Board posted Columbia Col­lege for a two-day event with their SUA and Student bicentennial荧光棒 to raise money. They were also, a “highlight” at Columbia.

One of our students wanted to be in the same thing at SUA.

A local rock quarry donated the Rock to the City of Lynchburg. Since that time,

many students have proclaimed their support

for the act on various levels. A SUA sports event and a Galactic Bottle were held.

After the incident, the Student Student support at Columbia Col­lege expressing their feelings over the rock.

Some students had differing opinions on the Rock incident.

"It's fun because the people don't do could have been pretty

unfortunate," Hope Holloway said.

"I don't see why anyone would want to do that. It's pretty juvenile," Jason Van Patten said.

According to Holloway there have been problems with the Rock since it came to SUA.

If you see anything you think may be relevant tell someone in the Student Life office so we can get a hold of you.

**The Price is Right**

**By Rachel Coleman, reporter**

While some students were reading or studying books outside or in the hallways, hundreds of others were busy writing the book they had prepared for the class of Life. Though not many of the books were as good as this one, they still had to be written. The only way to make a book is to write it. If you have a story to tell, you have to tell it. And that's what they did. They spent months working on their books and put in the time and effort to make their books as good as they could be. When you are working on a book, you have to be patient and careful. You have to be sure that your story is the best it can be.

One of the students, a junior English major, said that she enjoyed writing the books. "It's a lot of fun," she said. "I like being able to tell a story and share it with others." She also mentioned that she enjoyed the process of writing and the people around her who were involved in the process. She said, "I have made some great friends while working on this book.""}

International aid workers freed from Afghanistan

Protesting, singing and calling out were the ways that the eight aid workers passed time while captive in Afghanistan. The workers were held for three months. This all changed when the U.S. began bombing raids, against Afghanistan. The workers were freed on Monday, Nov. 19.

"The building was shaking, our prison was shaking, all we could do was sit in the hallway and pray with all our strength for the destruction of the World Trade Center," said Mohammed Atef, bin Laden's right-hand man. "You would think they would do something similar to this."

"I don't consider this as revenge," she added. "I think it's a way to say that bin Laden may not have been the kind of threat he is portrayed to be.

"I was shouted, 'you're free, you're free,'" Mercer said.

"We are going to continue to pray for the destruction of the World Trade Center," she said. "How would they do something similar to this?"

"People back home are sacrificing their lives for the destruction of the World Trade Center," said Atef. "How would they do something similar to this?"

"The computers are custom," Smith said. "The computers are not worth selling. The computers are going to be used in the community, they are going to be used in the community."

"I was looking for something to do with old computers instead of just throwing them away. The computers are not worth selling back as I found on a source where I would not give them back," he said.

"So long, Farewell" — Chris Rice and his band bid adieu to the audience at the Schilling. This was the final night for their 2001 tour.

SO LONG, FAREWELL — Chris Rice and his band bid adieu to the audience at the Schilling. This was the final night for their 2001 tour.

"Every day is a bank account of the importance of your life," Rice said. "And his music, visit Rice's Web site at www.chrisr.com.

"I encourage you to use the impact of your life," Rice said.

Are you thankful to God?

Thanksgiving is not simply a holiday to be enjoyed, nor is it a time for people to sit around the dinner table and give thanks. "Faith and thanksgiving are close friends," an article on thanksgiving wrote, "and they have been friends since the beginning of time." Christians often find themselves trapped in similar "cocoons." It's fitting for us to make an effort over Thanksgiving break to learn more about the history of Thanksgiving and to understand the dynamic of it.

It's a daunting task to name all the things I'm thankful for. I've spent the last few months thinking about all the reasons why life is worth living. Here are ten things I'm thankful for:

1. My family: They are the most important people in my life. They have always been there for me, through thick and thin.
2. My health: I'm thankful for my good health. It's something I often take for granted.
3. My friends: They bring joy to my life and make me feel loved.
4. My job: It provides me with a steady income and the opportunity to help others.
5. My education: It has given me the tools I need to succeed in life.
6. My home: It's a place of comfort and safety.
7. My faith: It gives me hope and purpose.
8. My pets: They bring me joy and unconditional love.
9. My country: It's a privilege to live in a free country.
10. My future: I'm thankful for the opportunities that lie ahead.

It's important to remember the celebration of America's first Thanksgiving for the LU families facing sudden uncertainty and death.

"Faith and thanksgiving are close friends," an article on thanksgiving wrote, "and they have been friends since the beginning of time." Christians often find themselves trapped in similar "cocoons." Do MISO programs create division not unity?

When you look around campus at LU, one cannot help but notice the racial and cultural diversity that exists. One thing I have always admired about our school is its diverse faculty and staff. This is not just a reflection of how our students are, but it is a reflection of how we, as a school, view diversity. It is especially important to note that although things might not be perfect, I feel that our school is making progress.

I believe that MISO is fulfilling its role as a community service organization and is providing a valuable service to the students and the community.

When you look around campus at LU, one cannot help but notice the many different cultures that exist. This is not just a reflection of how our students are, but it is a reflection of how we, as a school, view diversity. It is especially important to note that although things might not be perfect, I feel that our school is making progress.

MISO is an organization created in 1992 to give students an opportunity to learn about different cultures and for those in the minority, they may feel they are not represented. It is especially important for everyone to be aware of the diversity that exists on our campus and to work together to create a more Christ-like community where one is not judged on racial and cultural laws of much of the outside world and create a more Christ-like community where one is not judged on racial and cultural laws of much of the outside world and create a more Christ-like community where one is not judged on racial and cultural laws of much of the outside world.

Elrol — God who sees

GOOD KARMA: Wario Manandhan, the store's owner, packages spices for a customer.

Lynching has a little-known treasure that came all the way from India. Built on a life-long dream and a lot of hard work, Elrol has been serving Lynchburg with its Indian cuisine for almost a year.

After all the preparations, her store also became a restaurant. On April 1 she started serving lunches.

"We started by word of mouth, Elrol doesn't use the oven or stove and cooks them in their own stock. Some of her spices are homemade, others are added after the food is cooked. "It is all fresh," she said.

She teaches the students about spices and uses them in their own meals. Some of the spices are common, others are rare.

Elrol: Indian food that doesn't cost a fortune.

CHOOSING ANOTHER: Customers have a chance to browse the store and its spices as they come in for lunch.

The Night Of THANKSGIVING!

(a poem from justsaywow)

"Twas the night of Thanksgiving, and I just couldn't sleep!

I tried counting backwards, I tried counting sheep.

The leftovers beckoned, the dark meat and white,

But I fought the temptation with all of my might!

I was tossing and turning with anticipation,

And the dream of a snack became infatuation.

So I raced to the kitchen, flung open the door,

And gazed at the fridge full of goodies galore!

I gobbled up turkey and buttered potatoes,

Stuffing and carrots and peas and tomatoes.

I felt myself swelling so plump and round,

And all of a sudden, I rose off the ground,

I crashed through the ceiling and into the sky,

With a mouthful of pudding and a handful of pie.

But I managed to yell as I soared past the trees,

"Happy eating to all... Pass the cranberries, please!"

Thanksgiving Leftovers?

Don't know what to do with leftovers from dinner? Here's an idea to help.

Turkey ‘n stuffing back from (allrecipes.com)

Ingredients

2 cups prepared stuffing
2 3/4 ounces French fried onions
1 (10.75 ounce) can condensed cream of celery soup
1/2 cup unsliced cooked turkey

Directions

1. Combine stuffing and 1/2 cup onion. Spoon mixture into a 9-inch shallow baking dish. Press stuffing completely against top and sides of dish to form a shell.

2. Combine unsliced meat, milk, turkey and cane juice into a stuffing shell, 3. Bake, covered, at 350 degrees F for 30-45 minutes until heated through. Remove cover.continued to cook until golden brown.

Pizza ‘n' Football (for Tennessee fans)

前 Two weeks ago, a Tennessee fan in Iowa City told me, "It's football time in Tennessee," so he's got a favorite in the Vince Lombardi Trophy for December 29.

I was invited to Tennessee's state of mind. I got there, the state of mind and UT fans went into mourning.

Thank you for the football game. I got there, the state of mind and UT fans went into mourning.

Thank you for the football game.

Where to Shop

By Teresa Becker, reporter

Christmas is almost here! It's time to start thinking about buying gifts. When you go Christmas shopping this year, avoid giving relatives who communicate conversations. This serves as a springboard for finding a personalized gift, and any gift that requires thought is typically well received.

To buy

- Avoid giving relatives who communicate conversations. This serves as a springboard for finding a personalized gift, and any gift that requires thought is typically well received.

- If you completely stump, candles are usually a safe bet. Specialized shops frequently have sales during the holiday months. Purchase a big one, a couple small ones and some tissue paper, jewelry and bric-a-brac products also go over well.

- If you are too late this year, but start saving gift bags given to you by other people. They can be reused. It will save you money that could be spent on something more worthwhile than the wrapping paper.

- Keep these warnings and ideas in mind when you go Christmas shopping this year. Remember to be original and creative in your gift buying.

Deck the Dorms: Tinsel, mistletoe and all

By Lisa Buring, reporter

It seems as though department stores must run an effective ad campaign, because the Christmas Eve shopping frenzy is well under way. And don't forget the last minute shoppers not to procrastinate. Why do so many students wait to the last minute? For some, finding that perfect gift is more rigorous than studying for finals, but fellow Liberty students offer a couple of shopping tips.

- Avoid giving relatives who communicate conversations. This serves as a springboard for finding a personalized gift, and any gift that requires thought is typically well received.

- If you completely stump, candles are usually a safe bet. Specialized shops frequently have sales during the holiday months. Purchase a big one, a couple small ones and some tissue paper, jewelry and bric-a-brac products also go over well.

- If you are too late this year, but start saving gift bags given to you by other people. They can be reused. It will save you money that could be spent on something more worthwhile than the wrapping paper.

Christmas Decorating Ideas

It's almost Christmas, and some of you are wondering what you can do to decorate your dorm for the holidays. For those who

1. You can hang lights on your wall in the shape of a Christmas tree. It'll show your friends or even "a little bit of flair. Just be sure to get some really good tape or the lights won't stick to the wall.

2. The malls are full of great sales after Thanksgiving and up until Christmas. Keep an eye on new releases for coupons and sales. Many stores have Christmas advertising on TV and usually will always keep you informed about discounts and sales.

3. The options for gift giving are endless. One

4. If you are on a tight budget and only have so much money to spend, consider giving a gift certificate. Many stores will always keep you informed about discounts and sales.

5. There was also the memorial to Eric Lovett on one of the dorm dorms. Students have been putting together a memorial for Eric and giving all the gifts to the recipient, Gifts need to be unique and appealing to the recipient.

- Avoid giving relatives who communicate conversations. This serves as a springboard for finding a personalized gift, and any gift that requires thought is typically well received.

- Avoid giving relatives who communicate conversations. This serves as a springboard for finding a personalized gift, and any gift that requires thought is typically well received.

- If you completely stump, candles are usually a safe bet. Specialized shops frequently have sales during the holiday months. Purchase a big one, a couple small ones and some tissue paper, jewelry and bric-a-brac products also go over well.

- If you are too late this year, but start saving gift bags given to you by other people. They can be reused. It will save you money that could be spent on something more worthwhile than the wrapping paper.

- Keep these warnings and ideas in mind when you go Christmas shopping this year. Remember to be original and creative in your gift buying.

CULTURES COLLIDE— Susan Foreid, Kristina Palaimaite and Ana Sousa played international basketball last summer.

They are returning to the court in the Lady Flames pursuit of a gritty,是一项大功。The Big South championship. These three have come from two respected national teams for the purpose of playing basketball as a Christian school in America.

Sousa, Freid and Palaimaite played for Portugal's national team, Kristina Palaimaite is a 6-3 forward from Vilnius, Lithuania; Susan Foreid is a 6-0 guard from Heres, Lithuania; and Ana Sousa is a 6-4 forward from Lisbon, Portugal. They are three of six foreign students on the team's roster. These three also played for their country's Student National teams from the past season.

The summer was an experience the three athletes will not forget because it was an opportunity of a lifetime for them to represent their countries in the sport that they love.

"It was a good experience. I had the opportunity to play against very good teams, I had the opportunity to meet people from different cultures," Sousa said.

"It was a great experience because I went to different countries with completely different cultures," Kristina Palaimaite said.

"I got to play with people I know," Palaimaite said. "In Lithuania, for basketball, almost everyone knows everyone, also it was a great experience because I went to different countries with completely different cultures, I saw different people. It was great."

"I think it was a good experience. I got to play against other countries," Forrest said. "It was very good."

"Other plans up to 1500 minutes.

It is a lot of change playing overseas. Most never experience it, but the competition is a little different than what the girls played here.

"Some games have been hard, and competition was a little different because we have a few different rules," Palaimaite said. "In 10 days we have nine games so it was much more difficult than here."

"We had 10 days to play nine games and also have practice," Sousa said. "It was very intense in a short time."

"We have much more time to prepare ourselves," Forrest said. "There we had to keep going. The teams are very good."

"It's pretty nice," Kristina Palaimaite said. "It's really nice. It's the ambiance, it's the team, how everyone understands you."

"The girls, the coaches. It's great," Ana Sousa said. "It's the coaches, the girls. It's the coaches. It's great."

"It was very good," Palaimaite said. "I got to play with people I know."

"We have a great team, and we will see how it goes," Ana Sousa said. "We had 15 days to play nine games and kept going since the beginning of July. It prepared her physically because she was playing all summer.

"In preparing themselves for the 2001-2002 season the three see this past summer as a stepping stone in accomplishing the goals that are set for them. Palaimaite who also played in the Lithuanian national championship has been going since the beginning of July. She prepared herself physically because she was playing all summer."

"It was a great experience. I got to play against other countries," Forrest said. "I saw more people when I came here."

"The teams' goal is to win the Big South as well as make an appearance in the Final Four. Palaimaite, Sousa and Forrest are a year older and know what it takes to make those goals possible.

"They have gained experience in their countries this past summer.

As for personal goals Forrest said, "One of my biggest goals is to be able to muscle out and carry God so all the other teams see me first, and the publicity can see that. We want to win the Big South Championship again."

"We want to go to the Final Four. There are a lot of things we want to do and we will see how it goes," Kristina Palaimaite said. "We have a great team."

Sousa said, "I love the team. I love the coaches. I love the girls."

"I love how our team is encouraging," Palaimaite said. "It's really nice how everyone understands you."

"We have a great team," Ana Sousa said. "I love the team. I love the coaches. I love the girls."

"I love our team as encouraging," Palaimaite said. "It's really nice how everyone understands you."

"I love playing here. It's the ambiance, it's the team, the girls, the coaches. It's great."

"During the day I'll do anything and anything for the time when I come to the court and just love being here."

The Lady Flames are ready to set the stage at the court and Forrest, Palaimaite and Sousa are at the forefront.

Soccer: Coastal ends season with Conference win in upset
Continued from page 12

The Lady Flames (21-7-2, 12-6-2 Big South) defeated Winthrop 1-0, Sunday to clinch the Big South title. The win gives Liberty an automatic berth to the NCAA Tournament.

"The girls played the whole season like they were going to win," Coach Kirk Green said. "They knew they could win and proved it today."

The Lady Flames now join the likes of Radford, Winthrop, UNC-Asheville, and Coastal Carolina as the only Big South women's basketball teams to win conference titles.

"We knew we had a chance, but we didn't think we would make it this far," Green said. "We've worked hard for this opportunity and the girls deserve it."

The Lady Flames finished the season with an overall record of 21-7-2, 12-6-2 in the Big South Conference. They are the first women's basketball team to win a conference title in the Big South history.

"It's a great accomplishment for the girls," Green said. "They worked hard throughout the season and proved that they are capable of winning at this level."

Next week, the Lady Flames will prepare for the NCAA Tournament. They will face the winner of the East Region, which includes Tennessee, Georgia, and Georgia State. The tournament begins on March 17.

"We're excited to have the opportunity to play in the NCAA Tournament," Green said. "We know it will be a tough challenge, but we're ready to take it on."

The Lady Flames hope to continue their success and make a deep run in the tournament. Their journey begins next week.

Lady Flames basketball makes the grade off the court
By Kate Boylan, reporter

The Lady Flames not only work hard on the court, they work just as hard in the classroom. The Lady Flames have been ranked in the nation's top 25 schools in the nation for team grade point averages for the past few years.

"The girls are motivated off the court as well as on," Coach Kirk Green said. "They know the importance of academics and they take pride in their achievements."

"Hopefully the success will continue," Green said. "We want the girls to know that their hard work on the court translates to the classroom as well."

THANKSGIVING!

Every since I've been in college, Thanksgiving, although has my favorite holiday. For me, it usually revolves around the atmosphere when I'm not at home, but still feel at home. This year more than ever, I am going to be taking that feeling and bringing it home with me.

After all, I've written about 85 pages worth of Young's last week and a half, not to mention the last week's worth of work. Had I been forced to watch more than 20 hours of extra-curricular fare for the last week, I would have spent the last week's college games on the couch.

The biggest tournament is the West Coast Conference, which includes some of the most outstanding basketball programs in Southern California, Oregon and Nevada. Dates for the pre-season NO. 1 UCLA, and Nevada State fall in the top 12. The tournament also features West Coast Oregon, Nevada, and Gonzaga.

Other tournaments over the course of the week include the pre-season MPSF, which has already taken place and the West Pacific Tournament Classic, which includes some of the most storied college basketball teams in the country.

The pre-season NO. 1 UCLA is always a big event, especially when it comes to their basketball teams. The Bruins are more impressive and more important an automatic to the NCAA tournament, that is the tournament winner's event.

The second round in an easy task for Mike Littlefield headed beast. The Bruins' defense is in the eighth season. The Bruins came back to even the match at a goal in the 27th minute on Pavel Piatnik. They scored their only point of the game on the board when Jay Stensrud gave the Bruins a 28-3 lead, followed by two Chris Onorato goals on a four-yard slant in the third, followed by two Chris Onorato goals.

The Flames had defeated the Chants earlier in the season 4-0. They were out shot 11-6 in the tournament.

The Flames definitely made a statement in this game. They played tight defense throughout the first half, but a slight miscue on defense resulted in the second half. The Flames kept their game play the same, except for two adjustments: the tournament's second round and defeated Charleston Southern and Winthrop State, Wake Forest and Syracuse—three of the most storied college basketball teams in the country.

This marked the second year in a row that the team had advanced to the NCAA tournament. Liberty had been voted onto the tournament by winning the Big South Conference title over Charleston Southern and Wake Forest in February and March.

It was a beautiful November day in Lynchburg, but the football field, it was not so beautiful.

However, despite the game that was played, especially the running game where the Flying Dutchmen rushed for 145 yards and controlled nearly 70 percent of the game clock, and all of the game. This marked the second year in a row that the team had advanced to the NCAA tournament. The Flames definitely made a statement in this game. They played tight defense throughout the first half, but a slight miscue on defense resulted in the second half. The Flames kept their game play the same, except for two adjustments: the tournament's second round and defeated Charleston Southern and Winthrop State, Wake Forest and Syracuse.

The Flames' season almost certainly came to an end on Sunday afternoon with a loss to Coastal Carolina in the title game. The Flames also lost to the Flames in the second round of the tournament.

The Liberty women's soccer team closed its season Friday with the first round of the NCAA tournament as they fell to the University of Virginia 7-0.

This marked the second year in a row that the team had advanced to the NCAA tournament. Liberty had been voted onto the tournament by winning the Big South Conference title over Charleston Southern and Wake Forest in February and March.

The Flames definitely made a better showing but the quicker, bigger Hurricanes just outmatched the efforts of Liberty. Just over 12 minutes into the game, UVa's Ashley Banks scored on a cross from Jake Starch. Liberty's Emily Smith, playing deep defense, made sure she was going to keep the ball in bounds by winning the header. Liberty had lost twice to Radford earlier in the year, but came into this game making this victory a real sweeper.

"We definitely wanted it to be that way," freshman Jimm Mullen said. "We knew we had to do it.

With more than a thousand fans in attendance for the tournament, the Flames' performance was a bit less than expected as they took the first game with a score of 7-7.
