After beating Winthrop the Chris Price offers you his read about the night on page 9.

The win moved Liberty up to fourth place in the school in third place — and 52 points behind the top school — Catholic University.

According to Bill Harding, IV, 80 percent of the diseases in Ethiopia are water-borne. He misses pumping the water of God's Word. "There is nothing that delights my being used as a broken vessel, and yet can share the living water," Bill Harding, IV, said.

During campus church on Tuesday, Bill Harding, III, spoke about leaving his home country on the celebration of the independence, but he is no longer part of any experience. Now the older Harding is a synaptic and popular spokesperson for SMT for Scholarship at Mississippi.

His son, Bill Harding, IV, and his family moved to Ethiopia as missionaries in 1983 and stayed for 16 years. Bill Harding, IV, said that the only reason he was allowed in the country was because of a former plumbing job he did alongside South Carolina. At the time, Ethiopia was suffering a drought and they needed his skills.

According to Bill Harding, IV, 10 percent of the diseases in Ethiopia are water-borne. He misses pumping the water, which the people need to live, and then bringing them the living water of God's Word.

"There is nothing that delights my being used as a broken vessel, and yet can share the living water," Bill Harding, IV, said.

TOUCHING LIVES — Several Liberty students minister to children in Lynchburg downtown while the other half witnesses in Christin Palmer's downtown ministry. Half the group spent their morning of Sunday morning. The group, led by Juleanna Outten, reporter, is a part of the Touch of God Ministries. Touch of God Ministries is a group of students who want to establish relationships with the people of Lynchburg. By studying the Bible, students can be more prepared to navigate life's challenges.

Christin Palmer and those playing with her on Sunday morning are Liberty students studying social services and founder of the ministry, said the purpose of the ministry is to "touch the unreachable people," as Jesus did in Matthew 8. Recent addition to the ministry was James Land, whose wife, Christin, is a woman with a single-hearted love for Christ. Besides the weekly ministry, the ministry will continue to grow. The ministry will continue to thrive within the library, including the sections that will continue to be work hours of the new library. The new library will be able to register at 8 a.m. on weeknights and at 9 p.m. on weekends through March 1.

Junior Betty Regstad said that she can be like a child while she is talking with them. "We have a good time. They are not going to give us what we want. But if we do—do you want to be a part of a revolution?" She said.

Snazzy: coming to TRBC

The current facility with our current library is not able to accommodate our current library needs. The library is facing a leadership void, adequate facility, and mission statement.

Along with the obvious changes, bringing facilities together is also a vital step the ministry will be more focused and more computer resources available for student use. Submitted that one of the major benefits of the new facility will be to have more hours of the new facility, including the sections that will continue to be work hours of the new library. The Career Center offers resources to help students find their ideal jobs in their professional fields. The Career Center is designed to help students build a strong and impressive resume as well as identify potential positions that will be key to getting a job. For those interested in continuing their education, there is information on graduate schools available in the Career Center as well. Another great resource the Career Center offers is the Internship and Entrepreneurship programs. The internship programs are available college credit and some even pay. The Entrepreneurship Program allows students to experience the daily work of a job related to their field by spending time with a professional. The Career Center also offers resources to help students find local jobs in their respective fields. The Career Center is designed to help students build a strong and impressive resume as well as identify potential positions that will be key to getting a job.
The seminary has also seen a large increase in its EDP program with 722 people enrolled this spring. According to Dr. Tom Jones, dean of EDP, there are two major reasons for enrollment growth this year that undergraduate students have the opportunity to receive up to 10 hours of advanced standing towards their Masters. A student can come to LU and in the same year graduate with their Masters. It can be done before, during, or after a student is enrolled. Another reason for the increase is that students see the benefits and value to assist in the building of the local church. In fact, 90 percent of seminary students also enroll in EDP this spring.

That is more than double the past year.

"Seminary students enrollments for the spring semester was 25. This spring, 91 new students have enrolled in LBTS. According to Dr. Daniel Mitchell, associate dean of the seminary, "These are exciting times. LBTS has developed a much-needed program to train pastors in the church school."

Mitchell, explained. "We need more students in church schools. While many of Liberty's students have gone on to adopt the new, more lenient dress options and incentives, there is one group that continues to wear ties and skirts. Professor Robert Mateer, department chairman of finance, economics, and M.Div., has offered this students more lenient dress options to seek out students. "

Wooddell said. "We have offered more lenient dress options to students. The extra one point is also tied towards their final exam if they either wear a skirt or pants. The extra one point is also tied towards their final exam if they either wear a skirt or pants. The extra one point is also tied towards their final exam if they either wear a skirt or pants."

Bombs from Bush and my tennis racket

"Screamin' Eagles to land"

By Asst. Opinion Garrett Robinson

The same day that the USS Charleston (C-406) pulled out of Kuwait and announced that her crew would no longer be engaged to warfighting, it also announced a new flag for the USS Liberty to replacing the one that had been lost in the USS Liberty incident on June 8, 1967, when the U.S. Navy frigate was hit by a North Vietnamese rocket attack. The new flag, which will be in the ship's memory and will be the USS Liberty's official flag, is a simple, triangular design with the letters "U.S. Navy" in blue against a white background. The new flag will be installed on the ship in late January 2001.

Quote of the week

"Let not your hearts be troubled, neither let them be afraid. Be of good cheer; I have overcome the world." —John 16:33

Curiosity killed the cat and the audience

By Asst. Sports Devon Parks

The anti-climactic exhibit by a voracious audience at the poolside was an example of the novel and shock tactics that can be used to generate interest in less familiar subjects. The audience was divided into two groups, and each group was given a short presentation on a different aspect of world culture.

The anticipation exhibited by the audience members at the poolside was an example of the popular appeal of unusual and shocking situations. The audience members were divided into two groups, and each group was given a short presentation on a different aspect of world culture.

The audience members listened attentively to the presentations, and were often seen nodding in agreement with the ideas presented. The presentations were followed by a question-and-answer session, during which the audience members asked a variety of questions about the topics presented.

The topics covered included the cultural practices of different societies, the role of religion in shaping world views, and the impact of technology on modern society. The audience members were engaged and interested in the topics presented, and were often seen discussing the ideas presented with one another during the question-and-answer session.

The presentations were well-received, and the audience members appeared to have enjoyed the opportunity to learn about different aspects of world culture. The event was well-attended, with a large number of people in attendance throughout the day.

As the event came to a close, the audience members were left with a sense of wonder and curiosity about the world and its many cultures. The presentations served as a reminder of the diversity of human experience and the richness of the world's cultures.

As the audience members left the event, they were left with a sense of curiosity and a desire to learn more about different aspects of world culture. The event was a success, and the audience members were left with a sense of wonder and curiosity about the world and its many cultures.
'Acting' as a light for Christ

By Chris Nelson, columnist

College represents a nexus for independence for many of us. For the first time in our lives, we can make decisions away from our parents and start leading our own lives. Of course, there will be rules, but In this new world we can make our own...well, mostly. However, there are some major changes we will have to make when we step away from college and into the real world.

Our hearts are at war, and we can't help but feel that we are taking risks when we leave this place we call home. We may have made decisions that are not the best, and we may feel like we are on our own. But we are not alone. We are not alone.

The greatest opportunity we have is to be a light for Christ. To show others what He can do in our lives, to be a shining example of what a Christian can be. We have the chance to make a difference in the world, to be a light in the darkness.

The easiest way to do this is to reach out to the people around us and share our faith. Let them know what it means to be a Christian, and how it has changed us. This doesn't mean we have to be perfect, but it does mean we should be willing to share our story and let others see the good in our lives.

We can also be a light by being a good example to others. If we are living our lives according to the Bible, it will show others what it means to be a Christian. This doesn't mean we have to be perfect, but it does mean we should be willing to share our story and let others see the good in our lives.

The greatest opportunity we have is to be a light for Christ. To show others what He can do in our lives, to be a shining example of what a Christian can be. We have the chance to make a difference in the world, to be a light in the darkness. We can do this by reaching out to the people around us and sharing our faith, by being a good example to others, and by being open and honest about our lives.

We can also be a light by being a good example to others. If we are living our lives according to the Bible, it will show others what it means to be a Christian. This doesn't mean we have to be perfect, but it does mean we should be willing to share our story and let others see the good in our lives.

Wilkinson teaches readers to ask for miracles

By Carolyn Ross, reporter

A t would play even of the making of a snowman, a reading of a favorite story, a waltz and other concerts. I knew, however, that he didn’t. My mother had to remind me. I didn’t want to get caught "not making a snowman."

The name "Jabez" was given this name because he caused his mother much pain during his birth. Entitled "The Prayer of Jabez," it is written by Bruce Wilkinson. The book is available with every person who is interested in seeing miracles happen in their life.

I beg to pursue a life filled with wisdom and influence. One book in particular, I would like to mention is "The Prayer of Jabez," which I have read and Treasured. The book is filled with every person who is interested in seeing miracles happen in their life.

Before and after the mention of this man are a host of all kinds of people from all over the world. They have seen miracles happen in their lives. She desperately tried to make us change our ways, but we didn’t listen. We continued to do what we wanted to do. But God has blessed them, thinking those words can only be spoken of wisdom. What is the point of pursuing these kinds of people when in reality, we are the ones who are blessed.

Wilkinson explains that people who God enlarges their territory in this life are the people who are blessed. What God has blessed them is the power to change people’s lives. It is the only thing holding back a miracle in your life is you."

There is also a repetitive question that drives everyone crazy. Is the one question that everyone asks itself.. Can I not answer this question? This question seems to loop over the heart and soul of a person. — What words did you tell God after graduation? This question hits upon the division between graduation and their primary focus.

For many readers, this is how day and day out they wander through their college career looking for a few answers, instead of going to work for someone, people go to work for them.

Young people seeing their own boss is becoming more common. Wilkinson says, "I have started to notice a trend in starting their own business." He is trying to be successful. Instead of going to work for someone, people go to work for them.

12 men set the stage for an evening of anger

By Ben Hawks, Staff Writer

The 12 men entered the room and sat down at the tables. The thermometer seemed to be the only unifying factor of the completely different men. As each of the faces were presented, the scene appeared to be cut and dry. Foot fights with father, bad history of violence, curiosity for the trial, and father ends up with a knife in his chest. The sam- plicity of all the faces with nothing left to know but history. The license, played by sophomore, Jonathan Hensley, in- cluded his name and was it "Griffy, guiltily, guilty, guilty of your own thoughts." Temper really challenged the trial, and as the son, as some of the men pointed out, played by senior, Jeff Brown, found himself behind his matriarch. "Joe's footprint (fight the words) was like the person's life and no one but the one who could reasonable." No one yes to it as no-play. Where was the boy or the face of his father's chest? In that moment on this planet.

If you could meet anyone in the world, whom would that be? Trevor George M. Bush. I would pray with him and give him spiritual traits to the table.

If you were going to be stranded on a desert island, whom would you want to be with and why? Tom Hanks and Wilson; they could get me off a private school he attended. "Twelve Angry Men" has set the stage, the actors share their thoughts on what made them change on the stage of life. "People that talk about what's wrong, but have no attempt to be." Windham said. "People that aren't up front." Nelson said. Many men clear Chris Nelson's red angry button, which is "bring enough behind me I'm still on this planet.

The Flames are scheduled to play Duke in the first period. Ben Wilson was the assistant coach for the Flames. He scored the first goal of the night.

The Flames won their first game against High Point, and the Lady Flames hosted a hockey alumni event this season. The Flames played in the first period, giving them a 7-5 victory. Ben Wilson was the assistant coach for the Flames. He scored the first goal of the night.

Lady Flames host clinic

By Kate Boyles, reporter

After their game against High Point, the Lady Flames hosted a basketball clinic for children of all ages on Saturday afternoon in the Vines Center. Children who attended ranged from age 4 to 15. The majority of them were between the ages of eight and 10.

The Lady Flames hosted a special station, a shooting station, and a half-court station, along with a shooting station and a passing station. Each station was set up to help the children improve in different aspects of basketball fundamentals.

The clinic was divided into four groups that rotated around four stations taught by the Lady Flames. The stations included a basketball station, a shooting station, and a passing station. Each station was set up to help the children improve in different aspects of basketball fundamentals.

| Track earns fourth Big South title |

By Devon Parks, asst. sports editor

There were no surprises in the Flames track and field team battled the Big South Conference at Flames Tech on Friday. Since the first time the gun, the Flames took off and never looked back, executing its competitive Big South title streak for the fourth year.

Neville began the big rolling for the Flames, winning both the 800-meter and 1,500-meter races in 4:52.47 and 3:15.77, respectively. Neville was the 200-meter dash in 23.07, while Neville held the 400-meter dash in 57.51. Andrea Wildrick, who won the 1500-meter 1:57.1-qualified for national nationals.

The 6,000-meter relay team of Christian Schoenberger, De'Shelle Dentley, Myron Williams and Neville was convincingly over second place Roaders in a time of 15:52.4.

When the final scores were tabulated, the Lady Flames outscored runner-up Roaders 178 to 116.

On the women's side, the story was nearly the same. The Flames outscored Charleston Southern 178 to 112 for the championship.

Michael Decker was a double winner for the Flames. Decker won the 200 and 400-meter dashes in times of 21.52 and 46.02, respectively, and qualified for indoor nationals in the 600-meter.

Roaders took the 1,500-meter over the Flames in 15:25.71, while senior Jeremy Brower picked up his first ever conference championship in the 600-meter.

**FLY LINE AN EAGLE** - Chris Caldwell salutes for the two of his team high 20 points against High Point

By Justin Ridge, reporter

The Lady Flames lost a physical game to High Point University 56-52 Saturday afternoon in the Vines Center. Michelle Pinckney led the Lady Flames with 10 points and 10 rebounds. Crystal Peace added in 16 for the Flames.

The Lady Flames started the ball 22 times and forced a total of 23 Lady Flames turnovers. Eight players scored for the Lady Panthers.

Pinckney scored for the Lady Panthers. Nicki Foulds led High Point with 17 points. High Point used physical play, quickness and a deep bench to negate Liberty's inside advantage.

"This was one of those nights when you draw up the plays and found them," said Flames' point guard Janelle Darnell. "We executed them." 

"The game plan was to take Stewart out of the game. The second problem was they have three players that are hitting over 40 percent so we wanted to run at those shooters. "This was one of those nights where what you drew up yourself and they executed it," Flames' head coach Hankinson said.

LU's focus was evident from the start, they pounded the ball to the inside and attacked Winthrop with dribble penetration. Nathan Day, who led all scorers with 21 points, hit 13 of 14 from the free throw line. As a team the Flames converted 23 of their 32 foul shots in the game.

"This was one of those nights when you see what you drew up and worked hard at it," Flames' head coach Darnell said. "The game plan was to take Stewart out of the game. The second problem was they have three players that are hitting over 40 percent so we wanted to run at those shooters. "This was one of those nights where what you drew up yourself and they executed it," Flames' head coach Hankinson said.
