Upon leaving the Senate Office Building after a visit with Senator Jesse Helms, one cannot help but feel a sense of pride in our country and thankfulness to God that there is a man of such conviction and courage upholding our Republic.

In a state with a four-to-one Democratic registration, Jesse Helms was the first Republican to be elected to the United States Senate from North Carolina in this century. He took office in January (1975) and rapidly rose to national prominence.

Congressional profiles describe him as "a How Kind of Politician," a "Principled Patriot," a "Conservative in our time.

"We must stand up and speak out," he said. "If we don’t, who will?"

"We cannot stand idly by and let voters not know what’s happening in the Nov. 7 elections. We are fighting for our country and we will not be ignored.

"We will not be intimidated." --Jesse Helms

"Jesse Helms has dedicated himself to bringing our Republic back to God. He is an honored and highly respected Senator, one who represents his position as a great responsibility. He is the first North Carolina Senator and the first Republican ever to win the coveted Golden Gavel Award and the second Senator in history to have won it twice. This award is presented to Senators who have prevailed over the United States Senate one hundred or more hours in one session, those whose voices have been heard.

"The Divine Providence on which our forefathers based their political system has been supplanted by the Presidency of the All-Powerful State. I believe that this is the source of deep weakness in America, because it is a transgression of the first and greatest of the Ten Commandments," --Jesse Helms

Helms Supports Prayer In The Public Schools

"Atheism and socialism - or liberalism, which tends in the same direction - are inseparable entities. He who has one must have the other. He who does not believe in God is never going to believe in anyone else. God and man do not mix. They are two different species."

They involved many people and presented the Gospel, message on the broadcasting studios through college where she earned her law degree. "The Lynchburg pastor has been a partner in his programs against immorality and other issues when they involve children. One telephone call on the Washington program criticized Falwell for his anti-abortion stand, noting that he had "aided abortion in order to get his husband through college." Another caller indicated that he had decided to have an abortion because "he had been refused adoption." Campus Ministry Denied By OGTH
Pathe's decision to place special emphasis on the university has worked to the advantage of the Old Testament Church and the ministry of Dr. Jerry Falwell. "What is involved," said Falwell, "is the Old Testament Church's role in training young men and women for ministry. We have worked hard to separate church and state, and in doing so, we have contributed to the weakening of the Old Testament Church."

I enjoy my church youth group very much and would like to be more active in it than I am able to. Since dad died and my older sister got married, mom has had bad headaches with her brain. It seems like every time I start to go somewhere with our group, mom has an attack. The headache has become a dozens times or even more in the last couple of months, and each time she has ended up in the hospital, sometimes I have her because she's always getting sick just when I want to make some fun with friends at my age two. When mom has an attack, most of the emotional stress is handed over to the physical, resulting in what is called "psychosomatic illness." This simply means that the end result, in this case your physical, is not caused by an organic malfunction, but is psychologically induced.

Possibly because mom has left you alone, you will have left her, once through, and that is why you are volunteering with all of us. She quite possibly feels that she has to "take in" something that is not normal for her.

One very important that she must know is that you love her (even though you are not physically or geographically near her). You are doing her a service in her behalf and her love for you is not anything that can say by your actions.

Talk to your parents about the situation. Schedule regular counseling sessions with him for you and your mother. Talk about the real truth which is that you love the Word of God. Allow her to show how of God's solution.

Wake Up Virginia!

Where do YOU stand on the vital issue of legalized pari-mutuel betting (race track gambling) in Virginia?

1. Are you in favor of pari-mutuel betting even at the risk of letting ORGANIZED CRIME get a foothold in Virginia?
   - YES  
   - NO

2. Do you believe that the revenues from a gambling tax are worth the risk of opening Virginia to the CORRUPTION of other states which have already legalized pari-mutuel betting?
   - YES  
   - NO

3. Are you willing to risk weakening the moral fiber of the Commonwealth to satisfy the cravings of gamblers?
   - YES  
   - NO

The projected state gross gambling tax revenues, before deduction for expenses, is less than 1% of the state budget, and ...the present president of the Virginia House Council has admitted that the state gross gambling revenues will not exceed $100 million.

Your opinion is needed NOW to help in the campaign to enact and mobilize Virginians against the threats and dangers of legalized gambling.

HERE ARE THE FRIGHTENING FACTS!

- Legalized gambling is accompanied by infiltration of Organized Crime and an increase in illegal gambling.
- Virginia is being aided to subsidize a dying industry—track revenues are steadily declining in Maryland, New York, and New Jersey.
- Illegal gambling is financed by Organized Crime.
- Legalized gambling increases corruption. Governor Reuben of Illinois and Governor Hidalgo of Maryland were both convicted of crimes concerning their illegal involvement in race tracks.

Football is a sport that plays along the lines of a winning football team. A winning football team is cut out for us. It takes talent and hard work. A winning football team takes planning. A winning football team takes confidence in a program. A winning football team takes discipline. A winning football team takes determination and work ethic perfectly.
