Falwell, Dr. Ward: For The Hungry

Dr. Ward found comfort in giving to those in need. He believed in the power of prayer and the importance of reaching out to those who were hungry in body and soul. He was passionate about feeding the hungry and fighting against the threat of Communism. His work was supported by thousands of individuals who believed in his mission. He was a man of strong faith and conviction, and his dedication to helping those in need was unparalleled. Dr. Ward was a true champion for the hungry and those in need of food and love.

SMITE Team Begins Helping Southeast Asians During Christmas Holidays

The SMITE Team began helping Southeast Asians during the Christmas holidays. They departed last Saturday to help settle the refugees. Dr. Falwell observed, "This was a year which saw the refugee problem grow exponentially. "Triumphant" is born this day in the city of David a Saviour, which is Christ." The SMITE Team was committed to providing support and aid to those in need, and they were determined to make a difference.

1978 IS TRIUMPHANT FOR MINISTRIES

This was followed by an appearance on the CBS Evening News with Tom Snyder, host of "The Tom Snyder Program," which arrived the day before one of the week's best programs, rebroadcast it on the NBC Tomorrow Show, asked "Are we being wise in the age of enlightenment?" and "Where are we headed?"

Falwell, Dr. Ward: For The Hungry

And there were also the Sunday evening telecasts which arrived just in time for Christmas. Two of Falwell's sermons were on the subject of "The Age of Enlightenment" and "The Age of Tragedy." Dr. Falwell told the audience, "The time has come to unite the whole body of Scripture and to give the starving peoples "food, water and love." The SMITE Team was on its way to help those in need, and they were determined to make a difference.

Lead article: "Triumphant" is born this day in the city of David a Saviour, which is Christ. The Editors of Triumphant are proud to present this special issue on the occasion of the Christmas holidays. This issue is dedicated to those who are hungry in body and soul, and to those who are hungry for love and understanding.

Christian Teachers Deny John Todd

FUNDAMENTALISTS CAUTIONED OF FORMER WITCH

By RUTH TOMCZAK and ELMER L. TOWNS

In a day and time when men are fearful and in­
secure, there is a movement afoot to disrupt and ob­
struct, with lies and proposing solutions.

The movement is commonly understood to be "be­
lieve not every spirit, but try the spirits whether they of God: because many false prophets are gone out into the world." 

Todd claims to have been born into a family deeply involved in the occult. His father was a well­
known Freemason and his mother had been sup­
piciously killed an American soldier but was sus­
piciously cremated afterward. He was subsequently released through the help of an American senator and a family friend.

Todd claims to have been a member of the Illuminati at the time of his introduction as one of the Chairs of the Druid Council of Thirteen (the most powerful Illuminati group). In 1971, he became a member of that council, over 90 per cent of whom were killed by the Illuminati.

Todd is traveling and speaking among fundamental churches, predicting a coming collapse of the nation at large. He is warning America to heed food, free speech and freedom of religion, and to purchase guns to kill those who attempt to harm their families.

Todd base his prophecy on the theory that alter­
native groups are a threat to the establishment. He claims that the Illuminati will bring about a big change in the economy.

He sees a need for social and economic change, but he does not believe that the Illuminati will bring about these changes. Todd believes that the Illuminati will use these groups to create a new world order.

Todd's message is one of doom, a message that the reader is invited to examine. He claims that the Illuminati is the organization that ties together every form of spiritualism and metaphysics.

Christian Teachers Deny John Todd

There are at least eight reasons why Christians should reject the ministry of John Todd. It remains

4. John Todd believes that virtually everything that is spiritual is evil. He is a follower of the Illuminati, which believes that all spiritual things are evil.

5. John Todd urges Christians to consider murder. Followers of Todd imply that when Jesus died on the cross, he was considered to be a criminal.

6. John Todd has made vicious accusations against various churches and individuals. He has accused Reverend Ralph Wilson of Melodram Productions money in the bank and that Bob Jones University is involved in the Illuminati. He has also emphasized that President Jimmy Carter was a member of a group called the Secret Society, which is the Christian standard, the Truth Society.

7. The allegation which John Todd makes against Dr. Ralph Wilson is not based on factual evidence.

8. John Todd has been disciplined by a funda­
mentalist organization for his unorthodox teachings.

9. John Todd's message is one of doom, a message that the reader is invited to examine. He claims that the Illuminati is the organization that ties together every form of spiritualism and metaphysics.

10. John Todd urges Christians to consider murder. Followers of Todd imply that when Jesus died on the cross, he was considered to be a criminal.

The Bible warns us not to be surprised if we are subjected to "tests of fiery trial." This is because we are living in a world where Satan is trying to make our lives miserable.

It is well to call attention to the soon coming of the Lord. The Bible teaches that there will be world-wide persecution of the church. This persecution will come to those who are members of the Illuminati.

The Bible teaches that the Lord is coming to take his people out of this world. The Illuminati will not be able to stop this event. We should pray for the Lord's return and for the salvation of all who are in the faith.

DIEMER IS SEMINARY'S 'RARE BREED', TEACHES MEN

By B. W. BROWN

Carl Diemer, chairman of the department of theology at Liberty Biblical Seminary, is a rare breed. He is not a stereotypical theological professor. Far from it. He is an example of what is meant by the phrase: "Something and style about him."

His style is thoroughly youthful though 40 years old, he is no novice. But for many years he served as a pastor. His church membership and his style about him. A rare breed, that must be something or else, he is now a seminary professor. He is now a seminary professor.

Among the pastors he learned to lead others to Christ. Members of his church never heard him speak on Sundays. But if you called them, they would tell you how to lead others to Christ.
