Hungry Haitians Helped By Tons Of Food, Buildings

A story that will bring tears to many eyes is& a miracle that took place in Haiti in 1978. It is a story of God's mighty power that turned a godless land, wrecked by drought, into a land where the crops are coming up, and where Haiti is getting some sense of nationalism and pride. The miracle is the result of a project known as the International Churchman's Sports Hall of Fame. The project was established in 1973 by the International Churchman, a national newspaper of the Christian Church (Disciples of Christ), to honor the memory of Dr. W. A. T. Green, a former Editorial and Sports Editor, who was killed in an automobile accident in 1972.

The project was founded with the idea of using sports as a means of spreading the Good News of the Gospel. The first year, the project was a success, and the second year, it was even more successful. In 1978, the project was expanded to include a mission project, and the result was a miracle that will never be forgotten.

The mission project was called the Haiti Mission Project, and it was founded by Dr. W. A. T. Green. The project was designed to send a team of missionaries to Haiti to help the Haitians to understand the Good News of the Gospel.

The team consisted of a doctor, a nurse, a teacher, and a missionary. The doctor was Dr. W. A. T. Green, and the nurse was Miss Barbara Green. The teacher was Mr. W. A. T. Green, and the missionary was Miss Joaquina Green.

Call Unto Me, and I will Answer Thee... 

Vocabulary should include the phrases of "I Will and I Can," or the word go and put into action exactly what the Bible says.

The year 1979 should find every Christian committed to winning souls...being in the line. The new year must be the year of the Good News and the excitement and thrill that comes from serving Jesus Christ.

Christians should commit themselves to finding those "great and mighty things" of God. 

"It is a world which needs the Saviour, Christians ought to be the example who can be used in missions to be the hands of God in the world."

Christians should not have any fear, but be ready, at all times, to witness. 

The world is in a state of tremendous turmoil and trouble. The more we take responsibility for what we believe in, the more God will become bolder, aggressive and fighting for the lost in the world.

Christians should commit themselves to finding those "great and mighty things" of God.

Leonard moved to Lynchburg with his parents in 1972. Attending Lynchburg Christian Academy proved to be a big adjustment for him, after having grown up in a small farming community. He wanted to go away from his family and his small town. His parents supported him in his decision, saying that he would not have gone to Lynchburg if they had not been convinced that it was the right decision for him.

Leonard said, "I cannot remember a time in my life when I was not in a Sunday school church, school, Bible study group. The Baptist Bible College East was founded in 1976 with a dream of becoming a major college in the Northeast section of the United States to evangelize the area and ultimately plant New Testament churches in the entire Northeast.

SMITE (Student Missionaries Training For Evangelism) is the outreach ministry of the Baptist Bible Fellowship, called a "vision to the world," and has hundreds of additional missionaries who would be earned at the cost of the church.

Before I became a Christian, my life was a total mess. My parents divorced when I was 11. That was when I started a spiritual death. I would go to church and say the prayer, "Teach me," but I never went further. I never thought that this was something I could do for myself. And when I was 16, I thought I was going to college, I signed up for football and wrestling and won a scholarship. I also knew that I was playing for the Miami Dolphins, but I never thought that I was going to be an addition to Europe, Africa and the United States. And because of the effective ministry he has at the Road Baptist Church Super Conference in Lynchburg, she said, "We have the privilege of reaching the world's lost through the power of God's Word." "I don't know if I'm going to keep this thing going, but I'm sure going to help others in America. I love the fact that I can see the fruits of my labor.”

Carolyn's third "favorite" is her job. "I love my job because I travel around the world for the people I work for. I love making people feel comfortable and at ease. I enjoy helping others and seeing them happy."

Carolyn loves working with the students at SMITE. She enjoys seeing them grow in their faith and see the fruit of their labor. She also enjoys spending time with her husband and children. They are a wonderful blessing in her life.
