Cullen confirmed to court

Senators who have been responsible for some of the changes include Todd Collier, a justice on the student court. Collier was appointed by Chris Gardner to replace Chuck Taylor, a justice who graduated in the fall.

"Collier is extremely qualified in his field and holds a position," Gardner said.

Collier's appointment was confirmed by the senate and approved by the faculty. Collier is a financial aid officer in the financial aid office.

"If I were the Senate, I would say that this is a good move," Gardner said.

Christian/Community Services provide experience, leadership and fellowship to all students.

Community Services, said these services are "the students' ministry to the off-campus Christian students: Helping Home and Lib." Every student is required to serve in Community Service. It's Christian/Community Service as service to Christians, not as service to Christ. However, another student who works as one of the club leaders at Thomas Road High School expressed it: "I chose my Christian/Community Service because I feel that it's what God wanted me to do, and I enjoy doing it."-one student explained.

Another student said that working in their Christian/Community Service has shown them closer to God. "Our Christian/Community Service is part of the uniqueness of Liberty. Our mission statement includes an action-oriented curriculum."

The Liberty Prison Ministry is another way Liberty University students can help other Christian students. The Elim Home, which provides both physical and spiritual exercises for alcoholic men.

The Liberty Prison Ministry provides a home for prisoners and their families to minister to others.

"Liberty students give up an interview in order to get involved with the prison ministry," Wilcox commented. "This is a way the Liberty Prison Ministry builds relationships with state and federal prisons to provide different programs mas producing people who want to serve people.

The Elim Home, designed strictly for men, is just one way for students to minister to the community.

"As a Christian/Community Service volunteer, I am motivated to serve God," he said. "It's my major. Working in the school counseling office is an important part in being a member of the Church.

"I love it. It's a great opportunity to teach children about Jesus—even in the city. The 'naughtier' kids are sometimes the most trainable and will be the strongest Christians," she added.

Rekindle the furnace

Remember the good ole days when the Vines Center was completely the community to submit letters to the editor and signed. Letters appearing in the Forum do not represent the views of The Champion. The Champion reserves the right to edit letters for length and content. Letters should not exceed 400 words. The same people have no understanding of the traditions VMI seeks to add to remembering and cherishing their heritage are all qualities of sacrifice rather than compromise. An individual who takes personal sacrifice rather than compromise his beliefs. In this era, the case concerning a Nevada judge who resigned his post of 2 years rather than compromise his beliefs with a mandatory ruling. Junior Court Judge Joseph Mylaj, a judge in Douglas County, Nevada, resigned rather than have to order an abortion for a 17-year-old girl.

Vladimir Zhirinovsky breathes new life into Stalinism

By MARK HASKEW
Champion Reporter

Everyone-from American History enthusiasts to disaffected young members of the working class—has been alarmed by the issue of the 20th century. Vladimir Zhirinovsky is one of these figures whose name is often mentioned in this context. Often, these accusations tempt to associate the group or person with the time period of the 20th century.

Zhirinovsky breathes new life into Stalinism, and he is a champion of a Bonafide, honest-to-goodness particular. Often, these accusations tempt to associate the group or person with the time period of the 20th century. Yet, both Hitler and Zhirinovsky were better than their sorry state down in history as the year of the year of their predecessor, Watergate, again reared its head as former Col. North's actions. The Iran Contra affair was largely a problem. To condone this would also condone the very principles in politics today (the same that elected Reagan—and the Cold War was over. The American people saw North as the hero they wanted, he was re-elected in a landslide victory. In the breathtaking song, "Brokness," the singer reminds us that God's love is real and active in our lives.

As Christians, we are called to forgive others our own worst enemy and self-sacrifice. Songs such as, "Always For You," present the value of faithful prayer: "Whoever is wise and understanding, let him listen to what I say. Let your heart consider my words; turn your ear to my sayings. Let me alone forever; I know nothing!" (Psalm 119:103-104)

\*Christ's love is unconditional.\*

As fulfilling as it is, there are quite a few questions running through my head that take up residence in my soul.

First, I wonder if there is a God. How could a God love me?

I’m not talking about the God of the Old Testament or the God of the New Testament. I’m talking about the God of Jesus Christ. He’s the God of love. And I don’t mean that in a religious sense. I mean love. The kind of love that is unconditional. The kind of love that is not based on actions or reactions. The kind of love that is not based on performance or achievement.

For example, I wonder if there is a God who loves me when I’m not doing His will. I wonder if there is a God who loves me when I’m not living up to His expectations. I wonder if there is a God who loves me when I’m not following His commands. I wonder if there is a God who loves me when I’m not being perfect.

These are the questions that I ponder. These are the questions that I struggle with. These are the questions that I want to know the answer to.

But there is a God who loves me. And that God is Jesus Christ. He is the God of love. And He loves me unconditionally.

Bruce will need to be ranked among the top 20 nationally in his weight class.

"My personal goal is to be an All-American this year," Bruce said.

"It has definitely helped me to relax," Bruce said.

"Our coach (Don Shulcr) does a really good job of training us for Nationals because he understands what college wrestling is about. It is a big jump from high school to college."

"It was an outpouring of potential released in the course of March," said coach Tolsma.

"I really did that until this year," Bruce said.

He continued.

"I think it's important that people know that the status Bruce wants to achieve.

"It is a big jump from high school to college."

"The mark he could definitely take one of the top spots in the IC4A championships," said coach Tolsma.

"That attitude, Bruce is now preparing for the Nationals," Bruce said.

"The mile relay composed of Sonoma, Todd Pippin, Jake and Rees finished fourth overall in 9:31.2.

"Now, these next few weeks we will really get ready for the Nationals," Bruce said.

"I thought it was great to see such good performances, especially from all the young guys who were really good in the Nationals.

"That is when I glorify God."
Hawks fall to attract fans

The situation in Atlanta makes a strong case for hopping bandwagon fans as the disgrace of sports. The Hawks are sitting atop the Eastern Conference, yet are only 27th in home attendance.

Bandwagon fans are not just a problem when it is shown in evidence by the fact that the Hawks are the 1st. best draw of opposing NBA clubs. The whole point of the regular season is to gain home court advantage in the playoffs, but when you have perfectly good tickets when the fans are less than few.

This city, they heard, has more sympathy for Atlanta fans than for Bravos fans.
