Liberty University music man Ron David Watson performed in front of an estimated audience of 1,500 Liberty students in the Multi-Purpose Center on Sunday, April 25, during the regularly scheduled evening worship service.

Watson, a long-time favorite in the Christian music community, has had 17 number-one songs, one Dove Award nomination, one Grammy nomination. Some of Watson's career awards include: "There Is A Greater Love," written by Ron David Watson and Bob Farrell and Greg Nelson's, "When You Walk Away," and "Another Time, Another Place," also written by Watson. Watson also recorded a remake of his first number-one song, "Touch Of The

"I've seen people go from rock and roll into the music in a way that is truly deeply," Watson stated. "The production quality is so much better than when we were out in 1979, mainly because of the larger budget and a few years of hands-on experience," Watson added. In addition to his music career, Watson has released two literary works, his first effort, a children's book called, "Watercolor Polo," after his Dove Award-winning album by the same name. Watson also prepared a second book, a devotional, that hit the bookstores in Jan. 1992.

In addition to singing, song writing and being an author, Watson is a husband and father of two children.

Gail Watson, his wife, handles a significant portion of the business of their new company, which has written country western songs for singers like Kenny Rogers and Dolly Parton.

No restraint, individual actions caused Waco disaster

BY BEN LAFROMBOISE

The incident with David Koresh in Waco, Texas, continues to cast a shadow over the law and order community. As the investigation continues, many wonder if the same individual actions that caused the Waco tragedy could happen again.

There is little doubt that wrongs occurred in the Waco incident, but the central issue is whether or not the government had reason to act as they did. The Branch Davidians should not have been allowed to shoot at the law enforcement officers that were there.

The church is in disrepair, and the church's leaders have failed to address the problems within the church. The church leaders need to wake up and realize their mistakes.

Changing grading scale for better controls

Editor: I am writing in response to a letter written by Mr. Towles. He expressed a desire for interest in academics to be increased. I would like to address this issue.

I think that grading should be based on a different system. The current system is not effective, and it needs to be changed. I believe that grading should be based on a pass/fail system.

I am writing this letter to inform the academy about the problems with the current grading system. The current grading system is not effective, and it needs to be changed.

Summer job offers income, spiritual growth

The local summer job for college students to choose between a job that pays good money and one which provides good experience and exposure to the employer's industry.

Several summer jobs have been offered this year, however, earned more than $5,000 as a sales representative with a global financial services firm. In addition, he grew both professionally and personally.

I kept praying that the God would give me the right job for me as a college student.

Circus comes to Lynchburg

The "World's Largest Circus Under the Big Top" is already in Lynchburg, and its last performance will be at 7 p.m. tonight, April 30, at the Fort Hill Entertainment Center. A folk song, as pointed, those three performances are expected to draw a capacity audience and one of the upper deck circle seats. The American circus evolved into a spectacle centered around one ring. In response to audiences who were asked bigger and better, the American circus became the "three-ring circus"—a tradition as familiar as the green flag and apple pie.

But the circus is looking for growing pains that America continues to celebrate the 200th anniversary of its birth. Therefore, Clyde Beatty-Cole Bros. will keep out of its familiar three-ring boundaries into what owners John W. Pugh, W. Douglas Howadel have termed the "Circus Olympianae."

Under a spectacular white sunshade, Big Top, Clyde Beatty-Cole Bros. Circus will present the first half of its performance as a contemporary, three-ring setting. During intermission, while members of the audience sample their leg and ringtop Sudoku, circus enthusiasts will change the three-ring circus into the "Circus Olympianae."

Special rings car are designed to encompass a half ellipse within the Coliseum, arena, will enhance what has made the Clyde Beatty show a perennial favorite and bring the performance even closer to the audience.

The most importante item in any diet is the need for breakfast! After a good night's sleep, the body needs to be replenished, or it will shrivel up and die at breakfast.

First, the body has already digested the last meal that was taken in the evening and more to digest is in order for it to nourish what is happening in the American digestive tract.

As many as six hours, it is true. Morning foods help in the early compulsion of stomach pain and shiver. There is a reason for eating the most important meal of the day.

Second, the body needs the nutritional value that breakfast can supply to the body throughout the day. Even if you don't lunch, which many hard-core dieters may just see as cut out some of your, the sodium and chloride that breakfast provides will be needed by the American digestive tract.

So how is it done even when you are on a diet to really do the same thing? Your body is starving and the body needs food for several reasons.

First, the body has already digested the last meal that was taken in the evening and must now move on to digest the food going into the stomach. As many as six hours, it is true.

For basketball fans — if someone would hand out free tickets, still untamed, Anthony Mason any other wanna­bes, hot boys were a buzz and hunted them forever in May!

For southern people — if someone would sit down with us and explain why people in the North love hockey?

For people dying from old age.

For people afraid of dying from old age.

For northern people — if someone would round up the bad boys onto a space ship and transport them to Mars.

For southern people — if someone would round up the bad boys onto a space ship and transport them to Mars.

For my readers — if, just once in a while, I could be right in one of my predictions? (How about my Stanley Cup protagonist, Chicago?)

Flames Baseball

Continued from Page 9

The Flames’ baseball team will have a good season this year, according to Coach Matt Faulkner. The team has a strong lineup and is expected to compete well in the CAA.

The season will begin on April 12, with a home game against Virginia Commonwealth. The Flames are hoping to build on last year’s success and make a run for the league championship.

The team will face tough competition from teams such as Old Dominion, Elon, and Radford. However, Coach Faulkner is confident that the Flames can come out on top.

The Flames will play their home games at Westhampton Park, located on the campus of Liberty University.
