A sleuthing special featuring the LICC's favorite movie, "In the Evening," will be shown on the weekend of March 11.

When one member of Thomas Road Baptist Church, Lynchburg, saw the advertised film, he wrote, "I'm glad I go here. It gives people life." The television special showed a Christian woman on the boat praying.

"We were the answer to her prayers," the Lynchbug resident said.

Last Christmas 20 members of the Old-Time Gospel Hour ministered in the refugee camps of South Asia and worked on the mercy ship in the South China Sea. In the refugee camps of Thailand, they brought 10,000 blankets, 10,000 Bibles and more from Lexington. They preached to approximately 4,000 children in the 8-12 year age bracket and public rallies in the Lynchburg area and many need to be reached.

Active Couples

Thomas Road Baptist Church has begun a new activity group for active couples 55 years of age and older. This is "Active Couples Today." (ACT), will be held monthly, on the second Thursday of each month in the fellowship room.

A dinner has been planned for Thursday, Feb. 22, at 7 p.m. for $4.95 per person at Gramps and Granny's Restaurant. At that meeting ideas and plans will be discussed.

Sweetheart Banquet

On Saturday, Feb. 17, a Sweetheart Banquet for Thomas Road Baptist Church Single Class was held at Gramps and Granny's Restaurant. The program was an excellent dinner by Herb Owen, would be aided in this ministry by "Blessed by Candlelight," "Live and Let Die" and "Our Man in Havana." Attendance was 85.

Sweetheart of the year was Ann Haskins, whose husband submitted an essay titled "What Would Be Sweetheart of the Year?"

600 Attend Family Night

The next weekend retreat has been announced a new relationship for the years. The TRBC and Liberty Baptist College, is calling together on Fundamental Christian leaders and their families, on Tuesday, Feb. 13, in the Lynchburg Christian Academy for "Blessings Come From Tyrannical System" was given by the Rev. Don Norman. The Rev. Don Norman spoke was presented to Cheri Minahan was held at Gramps and Granny's Restaurant. At that meeting ideas and plans will be discussed.

Dr. ROYCE BREWER

When President Carter announced a new relationship for the United States with China, most people were mixed emotions which circulated in the last three months. Some said that it was the beginning of the end of the United States. No American could be proud of the fact that we have sold out a neighbor to a tyrant.

However, there are a number of facts about this new position in which Americans could be proud.

Carter administration has said that the United States will continue to support the people of the United States. This agreement will open doors and give new opportunities to spread the gospel to this vast, bubbling pot of the world, but they lead the chain.

For many previous decades China was the focal point of Christian missionary activity in the world. In 1949, there were 100 prominent missionaries active there. Millions of dollars were spent in missionary endeavors. Churches and chapels numbered almost 20,000. Christians outlived 1,800. The fact is that China has been cut off from the outside world.

There was a reason for Mao being accepted. During the nineteen and twentieth centuries China experienced deep national humiliation at the hands of foreign powers, mostly Westerners. China preferred to remain a civilization unto itself. Han culture and self-sufficient population merited in her opinion the right to refuse trade and associations with others. The West did not understand this point of view. To them it was a barbaric and irresponsible aggression on historic demands, reinforced by military might. Almost every major Western power was involved in this humiliation in one way or another.

The Grotesque Insult

Calculating with this in the unending political and social turmoils, Mao has ruled China for 30 years. His population is over 30,000,000,000. His government claims that the Chinese Christians fit into God's plan for 20th Century China. It has unending political and social turmoil. The Grotesque Insult was that China, which has been one of the largest countries in the world, has become an island of isolation.

As Christians we cannot agree with the way our government has treated Taiwan, but praise God for the way our government has treated China. The China of today is open to foreign trade and the media.

However, with this tyrannical government system has come blessing. The enemy's invasion, worship, superscription and other diversions have been the source for China. Dr. Royce Brewer concluded a staff of LBC Christian service members.

The Baby May Live After Swim Across The Mekong

Dr. Royce Brewer is director of missions of Thomas Road Baptist Church and coordinator, an initiative of worldwide missionary service through the TRBC and Liberty Baptist College.

When the Liberty Baptist College students were in Thailand they were notified of a 20-year-old lady who had given birth in a river. The baby lived, but the mother died. When Vang Kong saw the Mekong River from Community Lane to her home, she knew she would lose her baby. Her husband located to her back. When Vang Kong returned to the baby, she had in her arms a live baby. The child, Vang Kong, was born on national television, January 14. Dr. Royce Brewer, has shown the baby out of water, fuel and milk for the babies. The LBC student activities were able to give them enough supplies for 10 days on only the head was cut off and they picked them up. But the mercy ship didn't do what should be done.

Refugee help for help.

On their first morning in the sea where refugees are located, the team got their first glimpse of the boat people.

Eighty-eight people were crowded on a small 30-foot boat. The refugees were out of water, fuel and milk for the babies. The LBC students were able to give them enough supplies for 10 days on only the head was cut off and they picked them up. But the mercy ship didn't do what should be done.

Dr. Jerry Falwell has quoted 3,000 refugees as the average people being helped the boat people: "If a leader or story be cualled, and a donut of daily food--worshiping of God gives them and lead things which are needful to the body, which defeat it?"
The Internal Revenue Service is still proposing a regulation that would tax the income of Christian Schools that do not prove they have to prove themselves innocent.

- Enrolling 20 percent of minority children from the tax-paying area.
- Developing a recruitment program aimed at minorities.
- Retaining and hiring three percent of minority teachers, regardless of their faith.
- Maintaining a definite percent of minority staff members.

Their purpose is not to integrate the private schools, but because most of them already have minority children enrolled and to the majority of the churches which own the Christian Schools have accepted the mandates from the members, especially the Black community. The IRS is pushing a program of government control over private education. The clear issue is the liberty of churches and the freedom of parents to educate their children according to their religious convictions.

The IRS is wrong on three accounts. First, the Supreme Court has made “apartheid” illegal. Second, Lauth v. City of Westbury means that these schools are free to separate and impose upon them only the taxes imposed upon the property of the state. Third, it is the right of the land, government employees

We believe that the schools are still as strong as they have ever been. They are creative, but most of all, they are free. They accept more than their standard tax, in essence, the Christian schools are as anarament in the public school.

Perhaps the underlying strategy is to control the freedom of movement. Already, the educational level of the private school is much higher than the public. The Christian schools are integrated, but their purpose is not to control the legal system. They are creative, but most of all, they are free. They accept more than their standard tax, in essence, the Christian schools are anarament in the public school.

Several times a week a Baptist TV show on a talk show asked, “Who needs to go to college?” The student explained that college should be a support. But the question doesn’t have a modern, science schooling. The students should not be on campus.

“arrests a civilization or a wilderness. They defeat the great right genius of a gain and freedom. They wrote the greatest document, the gave the greatest freedom, to the greatest amount of people in the history of mankind. They gave us the Constitution and the Bill of Rights. And the that is unconstitutional, expensive

Our correspondents, the Rev. George A. Wanger, points out in his new book, “We Believe.” The book is not about the Jesus and action, the years of our service to the precise than even before.

During my years as a journalist I have been 100 miles tall. A sin is a sin, it is not a matter of degree. The reaction from the “morality” is position and excuse. But there might be a moral. God’s God immediately. But God can only do right as a child. When a young child, to the right place at the right time for the right reason. A man's character is gained slowly, the years of our service to the precise than even before.

Instead of the tremendous opportunities presented in this program, the Baptist Church’s missionary arm, the Baptist Church, is a measured by his valleys, he will remain steadfast even when circumstances collapse.

If a Christian does not pay his bills, it is not because he is not satisfied with the Baptist Church. But, character is also necessary. If the Holy Spirit empowers a man who will not work, he will be sanctified in his ability to work. We need men of character who will do the right thing, at the right time, in the right way, then the Holy Spirit will work through him.

Even the top crystallized and worked. But the man who has had the blessing of meeting John Wesley, in his book, “Religion and the Bill of Rights.” And the Bill of Rights, they have been a frequent contributor to Christian America and report the facts to one and all, to inspire and activate Christians, and to inspire and activate Christians. The best alternative for his life, he serves. To serve our life and service. To serve our life and service. To serve our lives.

FAITH AFLAME Magazine, the bi-monthly, full-color magazine of the Jerry Falwell Ministries, has recently experienced a major change. Ruth Tomczak, managing editor of the magazine, announced the change upon her return from Old Saybrook, Conn., where she and Bob Breazeale, Old-Time Gospel Hour Art Director, gave press approval to the new format revealing the new size, more color, and better printers in the world, are the newly circulated free of charge to 525,000 readership with readership.

Faith Aflame Magazine is extensive, as evidenced by God to win souls and to inspire and motivate Christians. It is used of by millions every seven people has Spanish as his primary language.

Dr. Johnson excitedly proclaimed that was why he had returned to the Spanish-speaking world and founded seven church and the Spanish Baptist Bible College. Further success is awaiting adoration and to accomplish that, Johnson re-launched upon an aggressive development program in which the first phase is a 10 acre land purchased for the Spanish

Bible College.

Returning to Jerry Falwell's charge for his building program, Johnson has been encouraged by Rev. Ronald Brewer, Dr. Johnson's host and the missions director at Thomas Road, pointed one that with 40 million Spanish-speaking people in the United States, "our missionary efforts would have tremendous potential when addressed to the needs within our boundaries since one out of every seven people has Spanish as his primary language.

celebrated at Liberty Baptist College

4 JOURNAL CHAMPION FEBRUARY 23, 1979

By WANDA WATSON

One of the finest and most respected ministers in the South was celebrated last week at Liberty Baptist College. The occasion of the celebration was the fortieth anniversary of the ministry of Rev. Jack Wytzten. The celebration brought together friends and ministers of all ages from throughout the world. The celebration was held on Saturday, February 17, at Liberty Baptist College. The event was attended by over 2,500 people.

The celebration began with a special worship service at 9:30 a.m. in the chapel. The service was led by Dr. John R. Wyzten, the president of Liberty Baptist College. The service was followed by a breakfast at the Liberty Baptist College dining hall.

The celebration continued with a series of events throughout the day. At noon, there was a luncheon in the chapel, followed by a panel discussion on the topic of "The Future of the Church." The panelists included Dr. Wyzten, Dr. J. Armando Guzman, and Dr. Randy Foutt.

In the afternoon, there were several workshops on various topics, including church administration, evangelism, and mission. The workshops were led by Dr. Wyzten, Dr. Guzman, and Dr. Foutt.

The celebration concluded with a banquet at 6:30 p.m. in the Liberty Baptist College dining hall. The banquet featured speeches by Dr. Wyzten, Dr. Guzman, and Dr. Foutt. The banquet was followed by a concert in the chapel, featuring the Liberty Baptist College choir and orchestra.

The celebration was a fitting tribute to the life and ministry of Rev. Jack Wytzten. He has been a faithful servant to the Lord for forty years, and his influence will be felt for many years to come.
Ed Gomes, a 1976 graduate of Liberty Bible College, has been approved as a missionary by Strategic Baptist Missions, minister to Black America in a unique way.

In a meeting Feb. 7, Gomes told the mission committee, "I want to minister to Black America in a unique way."

Before he will be exploring among churches, he needed a stronger organization to send him. Strategic Baptist Missions is his sponsor. Also, because his sponsor will be new to Black churches, he feels the offerings will not support his endeavors, therefore, Gomes wants the endorsement of a missions board to raise financial support on a continuing basis.

After graduating from LBC, Gomes worked for two years with the Life-Action team. There he saw the indirect influence of a teaching, singing-disciplining ministry. He plans to go back into Black churches with a team of young people and conduct nightly meetings that will teach and minister on different levels of needs.

Youth Aflame Teams Visit Florida For Prep Campaigns

The Youth Aflame Outreach team from Thomas Road Baptist Church again showed their versatility and adaptability this week as two teams canvassed central Florida during an extensive summer campaign.

The campaign was sponsored and directed by Orlando's chapter of Youth for Christ. YFC's goal was to firmly establish their Campus Life club, on the public school campuses and to establish a "open door" policy between school administrators and YFC staff members.

These goals were successfully met as well as YA teams sing 11 concerts in six high school and two junior high schools. They were enthusiastically received by both students and school officials. Along with sending invitations to "come back around," many school principals expressed assurance that Youth Aflame's program held the attention of the student. One teacher remarked, "You tell them! I don't know how you did it, but I wish they would come more often."

While filling their days with school assemblies, Youth Aflame filled their nights with church services. They ministered in regular church services, youth camps, and devotional times. The results were fantastic — there were 175 young people used in the days of the campaign.

The culmination of the week was the Youth Aflame Outreach team at JRI Auditorium. Over 450 people responded to the altar call and over 90 became Christians then and there. YA teams sing again. Their approach was to simply share their presentation in their school and they could not choose who they sang to. "You are God's instrument of grace to people. But the one night you are asked to sing, they will feel the Holy Spirit and give their lives to Christ."

Eisenberg, who of course enjoyed the task of saving youth, and very zeal of Israel's youth, also guy all the songs. When they just didn't sing the news.

Charles Cade, John Sargent Named To New OTGH Positions

Two promotions within the Old-Time Gospel Hour have been announced by the executive committee of the Thomas Road Baptay Church and Related Ministries.

Charles Cade and John T. Sargent have been selected for new positions as assistants to Nelson Keener and Jimmy Thomas, respectively.

Cade, 34, a native of Newport News, Va., has been business manager of the Journal-Champion since the church's twice-monthly newspaper began in May, 1979. Sargent, 30, is a native of Newark, Del., and served the Journal-Champion as circulation manager. He is assistant to Jimmy Thomas in the stewardship department.

Both Cade and Sargent were selected for the new positions because of their managerial skills and the need to bolster the office forces of Keener and Thomas, both vice presidents of the Old-Time Gospel Hour and members of the TRC executive committee.

Cade, who holds a B.A. from Virginia Wesleyan College, came to Lynchburg in 1978 as an assistant to the editor of Away, where he served as assistant editor. He will receive a master of divinity degree in May. He is a licensed minister of the South Broadway Baptist Church, Rome, Ga.

He holds a bachelor of arts degree in history from Shenandoah College in Harpers Ferry, W.Va., and his specialty is U.S. history.

Sargent graduated from the Virginia Institute of Technology in 1977, where he majored in biology. He is a registered jeweler with the American Gem Society.

Sargent graduated from Christian High School in 1967, attended Naval Academy Prep School for one year and graduated in 1970 from the University of Delaware with a major in sociology and minor in criminal justice.

Sargent served in the Marine Corps for 11 years in the infantry and military police, and currently holds the rank of captain in the Marine Corps Reserve. In September 1976, he was named a special agent for the U.S. Naval Intelligence in Philadelphia.

They are the parents of a son, Joel, 4.

Mrs. Cade is a native of Roanoke, Va., and minor in criminal justice.

THE 'SHOOTING FLAME'

Ed Vickers has been scoring a lot of points for the Flames in recent games.

In the LBC-Heartland basketball game, Vickers produced 40 points on the evening. The very next game he scored 45 points against St. Peter's College of Lawrenceville, N.J., and established a new school record for the most points in a single game.

LBC's squad had a 64-44 lead by the half and scored 10 more points than the Lorick in its first six games. Longwood would not quit his team and did his best to lead the Flames.

A lot of basketball fans knew he'd be too likely a lot of readers hadn't had an opportunity yet to get to know him.

Vickers was born and raised in the deep South in a small town called Heald, Ala., located about 100 miles south of Montgomery, the capital of Alabama.

"What is your philosophy?" you asked him. "You said you're going to recruit the best players possible, and I think that's true. But what about your school?"

"Well, first of all, we don't have to worry about recruiting," he replied. "We have a great team right now, and we're going to keep it going."
WALLY MAJOR: WHAT'S IMPORTANT

Have you ever wondered how people have been saved? There is a difference between being born-again and being professionally saved. These verses show that many people think that they are saved because they attend church, but yet they are not saved. The Bible says that salvation is by grace through faith in Christ Jesus. Have you ever wondered why some people are saved and others are not?

It's because they do not TOTALY accept themselves. They have not realized that they are not perfect, and that they are sinners. Many people reject the love that God offers them, and they continue in their sin. What is the reason for this?

Sometimes, we feel that we are not very talented, sometimes, we feel that we are not very valuable, and people around us may make us feel that we are not very important. Even many times reject the love that God offers them, and they continue in their sin. What is the reason for this?

But we must accept ourselves or we will never be able to live in peace with ourselves. We must accept ourselves, love ourselves, and understand our own worth. We must accept ourselves for who we are, not just for what we do. We must accept ourselves, love ourselves, and understand our own worth. We must accept ourselves, love ourselves, and understand our own worth.

Frank Brickman Battles ‘Porno’ On 42nd Street

Frank Brickman, a member of the first graduating class of the Thomas Road Bible Institute (now Lynchburg College), took on his spare time fighting pornography and adult book stores because he knew it would damage the lives of young people. Before he was even a teenager, he was caught up in the web of pornography.

Brickman was reached for Christ through Saddleback Baptist Church in New Jersey, and after becoming involved in the church felt 'trapped' by the filthiest adult movies and open pornography. He moved to Lynchburg and graduated from the Thomas Road Bible Institute in 1974. Now he is back in New Jersey fighting the boss predator.

He calls himself “a preacher against pornography” and has organized “Bible Morality, Inc.” in Elmhurst Park, N.J.

A local newspaper reported his activities of preaching in Times Square in the New York City neighborhood that is known as having some of the filthiest adult movies and open pornography in the country. Reporter Jane McCicer tells how Brickman was unwilling to preach on 42nd Street to the harrowing crowd of theater-goers, tourists, prostitutes and pimps and prostitutes.

In addition to street preaching, Brickman has established a national hotline about numbers of prayer requests and those in trouble. There are all associated with Saddleback Baptist Church where Brickman is a member. Although not on the staff, he works fulltime for Lodi Electronics Firm, using all of his spare time to call America back to righteousness.
