Swine flu outpaces seasonal virus

By Karen Tallaksen

The Liberty Champion

It is important as Americans gather together to enjoy free popsicles and pizza, to remember that the swine flu is out there, present and possible. It is vital to observe the proper precautions to avoid catching it and spreading it to others.

"It is important to keep hands clean and properly cover sneezes and coughs," said Assistant Professor of Nursing, Dr. Richard Mattingly. He also said that others should not attend classes if they have symptoms of flu, such as coughing, sneezing, or being achy.

The Champion, the student newspaper of Liberty University, has been working with Liberty Health Services to educate students about the flu and how to prevent catching it. The Champion also encourages students to take flu shots and to wash their hands regularly.

By the end of the week, 500 cases of the virus were detected in the Liberty student body, and 500 students were out sick. This is the first time this has happened in the student body since school began.

Regrettably, a limited supply of doctors is available, and therefore one would expect the medical facilities to be overcrowded. Some students were concerned about the availability of doctors, and they asked how the proposed health care bill would affect them. Shannon Valentine's LIBERAL RECORD

Worked to Kill the Marriage Amendment. In 2006, Shannon Valentine used her influence to campaign for the defeat of the Virginia Marriage Amendment. The Virginia Marriage Amendment established marriage as the sacred union between one man and one woman. (HB 1600, Amendment 4-5.04 #2h, 2009)

Gave Money to Largest Abortion Provider. Delegate Shannon Valentine voted to give taxpayer funding to the nation's largest provider of abortions, Planned Parenthood. (HB 1600, Amendment 4-5.04 #2h, 2009)

Voted for Taxpayer Funded Abortions. Delegate Shannon Valentine voted to use Virginia taxpayer dollars to fund abortions in our Commonwealth. (HB 1600, Amendment 4-5.04 #2h, 2009)

Shannon Valentine pretends to be a "moderate" Democrat during campaign season. But when it came time to stand up for our conservative values, she let us down and sided with the radical liberals who want to destroy marriage and advance their pro-abortion agenda.

Though Valentine would like her voters to believe she is a conservative, her voting record refutes that claim. As for an old-school Democrat — higher taxes and a progressive social agenda. Valentine also championed the ban on abortion in any public college or university.

Obama: the Nobel Pocahontas

Tim Mattingly

In American big screen, there was Pocahontas — a child driven to save a new world, where orange and corn blends are still breaking ground. In the real world, though, Pocahontas has been the face of an ad campaign for Ralph Lauren, famous for its indulgent clothing line.

To support this notion, it is worth noting the lobbying activity of Ralph Lauren, a major player in the fashion industry. The company has been a vocal proponent of airbrushing in advertising and has worked to influence the media to portray women in a more idealized way.

Yet Obama’s greatest propensity toward Pocahontas-ism is visible in the manner in which he has used the Nobel Peace Prize to promote his own agenda. In his speech, Obama specifically noted Israel and Palestine.

In reality Pocahontas went to the European world in peace and was met with all the warmth of Manifest Destiny. The future found her people forced from their land and literally condemned to walk a trail of tears.

We must all do our part to resolve those conflicts that have caused so much pain and hardship for many years. What can we do as a society to give women the tools to achieve their full potential?

Ralph Lauren has crossed the line, Women need photos that emphasize the beauty of healthy, fuller body types. The industry needs to change its standard body type back to a healthier, more realistic standard.

What is wrong with the light-colored jeans? 9. Some guys cannot help that their boxers are too loose. They need to either figure out how to keep them up or just wear regular underwear. 10. I do not button my shirt to the top unless I feel like doing but know you make a difference. 11. I normally do not wear a ratty shirt and tie since I am a student who doesn't have much money. 12. If there is one thing that Liberty students know how to do, it is how to find the ballot box come election time, Dr. Barry Moore, Vice President of Outreach and Strategic Partnerships at Liberty, entered the Vote 4 Lynchburg campaign to harness that energy and help boost Lynchburg's standing in the 2009 Reader's Choice Best Cities poll. Lynchburg is currently the top rated city in the Kiplinger.com yearly survey to find readers' favorite cities in the nation. Roanoke trails behind, by 5 votes.

"Any time the city where竞争力 LOOK AT ALL THESE EXTRAORDINARY VALUES!
 sąs located receives high marks, it helps recruiting, donor support, alumni relations, homecoming, economic development and the success of the region," Moore said. "Liberty University is a major part of the economic success." Moore is also chairman of the Lynchburg Region Tourism Board and noted that Liberty partners with many businesses in the surrounding area to promote economic growth.

"Last year, approximately $132 million was spent here in our region and a good bit of that was generated by Liberty events," Moore said. "Liberty University is a major player in the region's economic success." Moore cited Liberty basketball, football, Winterfest, College for a Weekend and other events as reasons for the success.

"Students come from all over the world, and they notice the difference between other cities when they come to Lynchburg. People in upstate Virginia and the DC area are not as nice, but when you go into a (Lynchburg) restaurant people are friendly," senior Ashleigh Rector said. "People really like that about Lynchburg."

Students may vote just once a day, and there is no deadline on the poll. To find the Best Cities survey students can follow the link on the splash page or go to www.kiplinger.com. Contact Cat Hewett at cahewett@liberty.edu.
